**CALL TO AUDIENCE** – At this time, any member of the public is allowed to address the Mayor and Town Council on any issue ***not listed on today's agenda***. Pursuant to the Arizona Open Meeting Law, individual Council Members may ask Town Staff to review the matter, ask that the matter be placed on a future agenda, or respond to criticism made by speakers. However, the Mayor and Council may not discuss or take legal action on matters raised during "Call to Audience." In order to speak during "Call to Audience" please specify what you wish to discuss when completing the blue speaker card.

### ADJOURNMENT

POSTED: 12/28/11 at 5:00 p.m. by ms

When possible, a packet of agenda materials as listed above is available for public inspection at least 24 hours prior to the Council meeting in the office of the Town Clerk between the hours of 8:00 a.m. – 5:00p.m.

The Town of Oro Valley complies with the Americans with Disabilities Act (ADA). If any person with a disability needs any type of accommodation, please notify the Town Clerk's Office at least five days prior to the Council meeting at 229-4700.

### ***INSTRUCTIONS TO SPEAKERS***

**Members of the public have the right to speak during any posted public hearing. However, those items not listed as a public hearing are for consideration and action by the Town Council during the course of their business meeting. Members of the public may be allowed to speak on these topics at the discretion of the Chair.**

If you wish to address the Town Council on any item(s) on this agenda, please complete a speaker card located on the Agenda table at the back of the room and give it to the Town Clerk. **Please indicate on the speaker card which item number and topic you wish to speak on, or if you wish to speak during "Call to Audience", please specify what you wish to discuss when completing the blue speaker card.**

Please step forward to the podium when the Mayor announces the item(s) on the agenda which you are interested in addressing.

1. For the record, please state your name and whether or not you are a Town resident.
2. Speak only on the issue currently being discussed by Council. Please organize your speech, you will only be allowed to address the Council once regarding the topic being discussed.
3. Please limit your comments to 3 minutes.
4. During "Call to Audience" you may address the Council on any issue you wish.
5. Any member of the public speaking must speak in a courteous and respectful manner to those present.

**Thank you for your cooperation.**

November 29, 2011

Chief Sharp,

I had heard about a shooting situation that occurred in Oro Valley at a shopping center involving a male suspect and a female victim. After I read more about it in the paper it reminded me of a case that I had while I was a Detective with traffic homicide with Tucson P.D. I couldn't remember the person's name that I dealt with but I remembered where he lived in O.V. I had TPD do a search to find my old cases and went to the old suspect's address which was vacant.

I called your dept and was given the name of Sgt. Dean Nesbitt, the investigator assigned the case. I left a message and he called me back first thing the next day. I told him the information I remembered which was that my suspect was mentally unbalanced and picked women who were in cars with children to point a gun at and that he was involved in several incidents in OV, one at Fry's and another. I also related that when I went to interview the suspect I asked for backup from OVPD and since the suspect hated women, especially those who wore perfume I was sent several backup officers, including a female officer. After the guy reacted to the female officer in an aggressive manner I ended up doing an involuntary committal to SAMAC on him. This was just about all the information I remembered. This occurred somewhere in 2000 to 2002.

Sgt. Nesbitt listened to all this sketchy information with genuine interest and told me he would follow up on it.

I had contact with Sgt. Nesbitt a few days later and he informed me that he not only found all the old OVPD records but found and spoke to the officer's that backed me up that day! He also told me that he tracked the subject to somewhere in the east eliminating him as a suspect.

I know this did not help in solving this case but I was very impressed with the diligent effort that Sgt. Nesbitt put forth in following up on an "old cops" memory. He not only listened but did exactly what he said he was going to do.

This is what I call good old fashioned police work!

Since you and I worked together at TPD and we know how important it is to not take our jobs as "just a job" In today's world it is refreshing to have contact with a police officer that really cares about his work, it is apparent that to Sgt. Nesbitt this is not "just a job".

I would like to commend him not only as a citizen but as a fellow police officer that makes me proud to have people of his caliber wearing a badge!

Sincerely,

  
Jim Nierenberg

Chief Daniel Sharp  
Oro Valley Police Department  
11000 N. La Canada Dr.  
Oro Valley, AZ 85737

Dear Chief Sharp,

Thank you so much for lending an assist to the Oro Valley American Legion Women's Auxiliary Unit 132 in our coordinated effort of the Oro Valley leg of the Wounded Warrior Project 100 Mile "Hump" fundraiser.

Commander Larter and Lieutenant Olson were very thorough in providing the necessary briefing and timely linkup with the 100 Mile Hump team. Officers Rick Trevizo and Mike Kleinberg braved the brutal elements for over two hours to secure the safe arrival of the team to Baggins Gourmet Sandwich Shop in the Steam Pump Ranch shopping center.

Nick, Trey, Corey and Mendon very much appreciated the special attention they received. They were calling their friends on their cell phones upon arrival at Baggins and telling all about the OVPD escort.

Thanks also to the patrol officers that provided the safe crossing of Oracle Road just south of Baggins.

We are very proud of our Oro Valley Police Department and thank you for partnering with the Oro Valley American Legion.

Sincerely,

Onita V. Davis  
President

**MINUTES  
ORO VALLEY TOWN COUNCIL  
REGULAR SESSION  
October 19, 2011  
ORO VALLEY COUNCIL CHAMBERS  
11000 N. LA CAÑADA DRIVE**

**REGULAR SESSION**

**CALL TO ORDER**

Mayor Hiremath called the meeting to order at 5:00 p.m.

**ROLL CALL**

**PRESENT:** Satish Hiremath, Mayor  
Mary Snider, Vice Mayor  
Bill Garner, Councilmember  
Joe Hornat, Councilmember  
Steve Solomon, Councilmember  
Lou Waters, Councilmember

**EXCUSED:** Barry Gillaspie, Councilmember

**EXECUTIVE SESSION**

Pursuant to ARS 38-431.03(A)(7) - for discussion and consultation with designated representatives of the public body in order to consider its position and instruct its representatives regarding negotiations for the lease of real property.

**MOTION:** A motion was made by Councilmember Hornat and seconded by Councilmember Waters to go into Executive Session to discuss and consult with designated representatives of the public body in order to consider its position and instruct its representatives regarding negotiations for the lease of real property pursuant to ARS 38-431.03(A)(7).

**MOTION** carried 6-0.

Mayor Hiremath stated that the following staff members would join Council in Executive Session: Town Clerk Julie Bower, Interim Town Manager Greg Caton, Town Attorney Tobin Rosen, Parks, Recreation, Library & Cultural Resources Director Ainsley Legner and Finance Director Stacey Lemos.

## **RESUME REGULAR SESSION**

### **CALL TO ORDER**

Mayor Hiremath called the meeting to order at 6:00 p.m.

### **ROLL CALL**

**PRESENT:** Satish Hiremath, Mayor  
Mary Snider, Vice Mayor  
Bill Garner, Councilmember  
Joe Hornat, Councilmember  
Steve Solomon, Councilmember  
Lou Waters, Councilmember

**EXCUSED:** Barry Gillaspie, Councilmember

### **PLEDGE OF ALLEGIANCE**

Mayor Hiremath led the audience in the Pledge of Allegiance.

### **UPCOMING MEETING ANNOUNCEMENTS**

Communications Administrator Misti Nowak announced the upcoming Town meetings.

### **COUNCIL REPORTS**

Councilmember Solomon reported that the Regional Transportation Authority (RTA) would be holding a meeting on October 24th at 6:00 p.m. to discuss details regarding the Coyote Run transit system.

Vice Mayor Snider attended the Arizona Bio-Science Annual State Dinner in Phoenix on October 15th. The town was warmly welcomed by the Bio-Science community.

Mayor Hiremath reported that he had received a letter requesting his presence on the Bio-Science Leadership Council.

### **DEPARTMENT REPORTS**

Town Clerk Julie Bower announced that the new paintings on display in the Council Chambers were created by artist Margaret Schultze Erath by using oils, acrylics and water colors.

## **ORDER OF BUSINESS**

Mayor Hiremath stated that the order would stand as presented.

## **INFORMATIONAL ITEMS**

1. Police Department Appreciation Letter(s)

## **CALL TO AUDIENCE**

Oro Valley resident John Musolf was concerned with the lack of public notification to Oro Valley residents regarding real estate development. He recommended that the notification area be expanded to one mile.

## **PRESENTATIONS**

1. Presentation from the Pima County Teen Court to Judge George Dunscomb and the Oro Valley Magistrate Court

Adelita Grijalva, Teen Court program manager, stated that Pima County Teen Court was a non-profit diversion program for minors. She thanked Judge George Dunscomb, Court staff and Tobin Sidles for their participation in the program. Ms. Grijalva presented a plaque of appreciation to Judge George Dunscomb and the Oro Valley Magistrate Court staff for supporting the Pima County Teen Court program.

## **CONSENT AGENDA**

Councilmember Waters requested that item (A) be removed from the consent agenda so that it could be discussed and voted on separately.

Councilmember Hornat requested that item (D) be removed from the consent agenda so that it could be discussed and voted on separately.

- B. Appointment of Paul Jungen (primary) and Phil Trenary (alternate) to the Pima County Regional Flood Control District Advisory Committee
- C. Resolution No. (R)11-67, Authorizing and approving an Intergovernmental Agreement between the Town of Oro Valley and the Pima County Recorder to provide election services for the March 13, 2012 Primary Election and the May 15, 2012 General Election

**MOTION:** A motion was made by Vice Mayor Snider and seconded by Councilmember Garner to approve Consent Agenda items (B) and (C).

**MOTION** carried, 6-0.

A. Police Department August 2011 Statistics

Councilmember Waters inquired as to why residential burglaries had significantly increased from the previous month.

Police Chief Daniel Sharp said that the increase was due to two serial burglars who had recently been arrested. A significant drop in burglaries should occur in the future.

**MOTION:** A motion was made by Councilmember Waters and seconded by Vice Mayor Snider to approve item (A).

**MOTION** carried, 6-0.

D. Request for approval of a two-year extension of the Development Plan for Chop House Restaurant, Lot 3, Mercado del Rio subdivision, on the north side of E. Pusch View Lane between E. Lambert Lane and Oracle Road

Councilmember Hornat inquired as to whether the item was a zoning or a Planned Area Development (PAD).

Planning Manager David Williams stated that the item was a PAD and that an approval of the time extension would not change the use, however, use could be changed within the existing zoning district.

**MOTION:** A motion was made by Councilmember Hornat and seconded by Councilmember Waters to approve item (D).

**MOTION** carried, 6-0.

**REGULAR AGENDA**

**1. PUBLIC HEARING: ORDINANCE NO. (O)11-27, AMENDING THE RANCHO VISTOSO PLANNED AREA DEVELOPMENT DISTRICT BY ADDING SPECIAL AREA POLICY 13 TO NEIGHBORHOOD POLICIES FOR NEIGHBORHOOD 7, LOCATED AT THE NORTHWEST CORNER OF RANCHO VISTOSO BLVD. AND TANGERINE ROAD**

Planning Manager David Williams gave an overview of the proposed amendment.

Mr. Williams stated that the applicant had requested an amendment to the PAD to add a new special area policy to clarify that multi-family residential (apartments) were permitted on Parcel 7-I.

The owner of the project was Venture West, the applicant was the WLB Group and the intended developer was HSL Properties.

Mr. Williams clarified that the parcel was not zoned for open space but was planned and zoned since 1987 as C-1. He outlined the following background information:

- Parcel 7-I was designated C-1 Community Commercial in the Rancho Vistoso P.A.D.

- C-1 Community Commercial purpose statement indicated that the district "may include uses associated with the central business district" (i.e. Town Center)

- Multi-family residential was an allowed use within the Town Center

- Staff required the PAD amendment to clarify C-1 uses in Rancho Vistoso PAD

The Planning and Zoning Commission determined compliance with applicable general plan policies.

Applicable policies addressed:

- High density located near arterial streets

- Mitigate impacts on adjacent lower density uses

- Retain area for commercial development at appropriate locations

Mr. Williams stated that the multi-family residential was designed in accordance with Rancho Vistoso High Density Residential Development and Design Standards and that the commercial was designed in accordance with Rancho Vistoso Community Commercial Development and Design Standards.

The C-1 zoning that was currently permitted, allowed:

- Three stories in height with a maximum height of 34 feet

- Requires 10% of site to be open space

- Examples of possible uses include: retail, child care center, hotel, restaurant, gasoline service station, grocery store, offices, hardware store, fitness center, etc.

Mr. Williams outlined the High Density Residential Key Development Standards:

- Density: 8-17 RAC

- Building Height: 3 stories, not to exceed 34 feet

- Open Space: 20% proposed

Mr. Williams discussed the Rancho Vistoso Design Guidelines and stated that all buildings within Rancho Vistoso must be approved by the Architectural Review Committee.

Mr. Williams explained that Rancho Vitoso was specifically exempted from the Tangerine Road Corridor Overlay District (TRCOD) but that they must demonstrate compliance with applicable TRCOD requirements at conceptual and final design stages.

Neighborhood meetings were held on March 24th and August 4th and the major questions/issues from residents consisted of:

- Access onto Tangerine Road
- Access onto Woodburne Avenue
- Traffic impacts
- View impacts
- Nuisance impacts of multi-family

Opposition consisted of:

- 20 emails
- 102 form letters
- 70 signatures on petition

Mr. Williams said that the last line in a form letter in opposition to the proposed amendment was misstated. He clarified that the 23 acres of land was vacant land zoned Commercial C-1 and was not considered open space.

The Planning and Zoning Commission voted 3-1 to recommend approval of the requested PAD amendment. Residents were concerned about the following:

- Inadequacy of notice
- Rental rates
- What would happen if the project was denied?
- School capacity
- Preferred no access onto Woodburne Avenue
- Who proposed the amendment?
- Vacancy rates for apartments

Staff recommended the following new conditions:

- The project would be served by the "F" zone water main in Woodburne Ave. Upgrades to the existing water system may be necessary to supply the required fire flow.
- The applicant shall demonstrate compliance with applicable Tangerine Road Corridor Overlay District (TRCOD) requirements including a view preservation plan during the Conceptual and Final Design process.
- The project shall demonstrate compliance with Addendum A Design Standards during the Conceptual and Final Design process.
- Any additional conditions as specified by Council

The Planning and Zoning Commission recommended approval subject to the conditions in Attachment #1 - Exhibit B.

Discussion ensued regarding notice requirements.

Councilmember Garner asked what the required amount of open space was for high density.

Principal Planner Chad Daines stated that the required amount of open space in the PAD for High Density Residential (HDR) was 30%.

Discussion ensued regarding the process for PAD amendments and the process for rezonings.

Councilmember Solomon asked if the developers would have legal access off of Woodburne Avenue no matter what was built there.

Interim Development and Infrastructure Services Director Paul Keesler said that the Town could not deny access to public thoroughfares for any property owner.

Discussion ensued regarding traffic issues at the intersection of Woodburne Avenue and Rancho Vistoso Boulevard.

Applicant Paul Oland with the WBL group gave an overview of the proposed amendment.

Mr. Oland said that C-1 properties "May include uses associated with the (CBD) central business district" and that the general definition of a CDB included residences as one of the allowed uses.

Mr. Oland felt that the language in the PAD was clear that by using the word "may" opened the door for the Planning Director or the Town Council to make the determination that what they proposed was appropriate.

The apartments were proposed for the site for the following reasons:

1. No commercial demand
2. High apartment demand

The applicant proposed a mixed-use approach while preserving the viable commercial land to the east of the wash.

Major employers said that apartments would be extremely helpful to help ease expansion efforts.

Mr. Oland had contacted the Amphitheater School District and determined that there was capacity at the nearby schools for the additional children that would be generated by the development.

He clarified that they were not proposing access onto Woodburne Avenue.

The PAD High Density Residential (HDR) required 30% open space, the current property was at 10% and 20% open space was being proposed.

The proposed development would include two-story buildings located near the residents to the north and the central area and three-story buildings near the Fire Station and Tangerine Road as well as near the wash offset from Tangerine Road.

ADOT had given a preliminary green light to pursue two access points off of Tangerine Road.

Mr. Oland stated that most rents would be over \$1,000.

Councilmember Waters said that residents were concerned about crime.

Mike Censky said that HSL had won a national award for developing crime free projects. He clarified that every applicant must go through a background check.

Vice Mayor Snider asked for clarification regarding the open space requirements.

Principal Planner Chad Daines said that the PAD under HDR required 30% open space and that commercial required 10%. He stated that a typical open space requirement for this type of development would be closer to 25%.

Councilmember Solomon asked Interim Development and Infrastructure Services Director Paul Keesler to expand on the Woodburne Avenue access issue.

Mr. Keesler said that staff was concerned about western access onto Tangerine Road. Until a traffic study was completed, staff would not know if a signal would be needed. He said that Woodburne Avenue was designed to have the capacity of not only a commercial site but an entire apartment complex to the north.

Mr. Keesler stated that most of the congestion problems on Woodburne Avenue were due to the configuration of the intersection.

Mr. Oland said that a traffic impact analysis study had been completed and submitted to ADOT. The study concluded that the level of service on Tangerine Road and Woodburne Avenue would be acceptable with the project and that a signal was not warranted on Tangerine Road.

Mayor Hiremath recessed the meeting at 7:32 p.m.

Mayor Hiremath reconvened the meeting at 7:39 p.m.

Mayor Hiremath opened the public hearing.

The following individuals spoke in opposition to item #1.

Oro Valley resident John Musolf  
Oro Valley resident Shirl Lamonna  
Oro Valley resident Brad Louis  
Oro Valley resident Freeda Wohletz  
Oro Valley resident George Millen  
Oro Valley resident Barbara Evans  
Oro Valley resident Tom Meade  
Oro Valley resident Glen Singleton  
Oro Valley resident Robin Davis  
Oro Valley resident Norma Ancora  
Oro Valley resident Bill Adler  
Oro Valley resident Carolyn Rashti  
Oro Valley resident Brian Clark  
Oro Valley resident Priscilla Saxer  
Oro Valley resident Brenda Kenfield  
Oro Valley resident Lisa Ferko  
Oro Valley resident Jeri Mott  
Oro Valley resident Marjorie Sovey

The following individuals supported item #1.

Richard Maes  
Oro Valley resident Mike Carlier

The following individual was undecided.

Oro Valley resident Gil Alexander

Mayor Hiremath closed the public hearing.

Mr. Williams clarified that the number of proposed apartment units was 240.

Mr. Keesler said that previous developers had constructed Woodburne Avenue based upon the needs at that time. Once a traffic analysis was completed, staff could better determine the need for improvements to Woodburne Avenue. He clarified that the placement of signal lights was determined only after extensive analysis.

Mr. Williams clarified that Parcel F was zoned for apartments but the applicant was the one who proposed Neighborhood 7.

Mr. Keesler clarified that the distance from the proposed eastern driveway to the intersection of Tangerine Road was approximately 400 feet.

Mr. Williams stated that the maximum allowed height of Splendido was 34 feet.

Councilmember Garner asked for clarification regarding Rancho Vistoso PAD wording regarding non-residential.

Mr. Williams stated that there was a policy in the Rancho Vistoso PAD that clarified what commercial meant.

Neil Simon, owner of Venture West, said that apartment housing was recommended by the business industry to meet the needs of workers transferring from other states and to provide housing for medical workers.

He said that when selecting parcel 7-1, he had looked carefully at the Zoning Code, checked with the developer of Rancho Vistoso and went forward assuming that apartments could be built on the parcel as one of the allowed uses. Mr. Simon felt that the parcel was ideally suited for apartments because of its close proximity to Innovation Park and its location on a major roadway.

Councilmember Waters was concerned about what the original intent was for the PAD.

Richard Maes, Rancho Vistoso Developer, said that the original intent of the PAD was to add flexibility into the language due to unforeseen things that could take place over time. He felt that the Master Plan turned out extremely well. Language was included to allow apartments in commercial zones. High density developments were designed to be built along Rancho Vistoso Boulevard to keep traffic on the main arterial streets that could support the traffic.

Councilmember Hornat stated that apartments paid property taxes based on the value of the property. If the project was approved, he was concerned with how the Council could guarantee that what was built was what was promised.

Councilmember Solomon said that the property was privately owned and zoned for commercial use ever since Rancho Vistoso was created in 1987. Council would have more control on what would be built through the rezoning process because conditions could be applied.

Vice Mayor Snider said that if a property was zoned for an approved use, Council couldn't block that use. If apartments were considered an approved use, they would be built.

Councilmember Garner was concerned about whether or not he had accurate information to make a decision. The applicant had the ability to develop a private

school, college or government structure, community service, library or museum, playground, hospital, clinic, club, childcare center etc. He was concerned that the C-1 zoned property sat vacant since 1987 and was never developed. He also felt that there was a current market for apartments.

Mayor Hiremath stated that the height limit would remain at thirty-four feet no matter what was built there. Traffic would be an issue with any kind of development on the property and traffic analysis reports would be completed to determine the best ways to alleviate congestion. The Council needed to balance what residents wanted vs. what businesses needed.

**MOTION:** A motion was made by Councilmember Solomon and seconded by Councilmember Waters to continue item one (1) to the November 16th regular Council meeting and hold an executive session regarding the same.

**MOTION** carried, 6-0.

### **FUTURE AGENDA ITEMS**

Councilmember Garner requested a future agenda item regarding starting the December 7th regular Council meeting at 5:00 p.m., seconded by Mayor Hiremath.

### **CALL TO AUDIENCE**

No comments were received.

### **ADJOURNMENT**

**MOTION:** A motion was made by Councilmember Waters and seconded by Mayor Hiremath to adjourn the meeting at 9:22 p.m.

**MOTION** carried 6-0.

**Town Council Regular Session**

**Item # C.**

**Meeting Date:** 01/04/2012

**Requested by:** Town Council

**Submitted By:**

Julie Bower, Town Clerk's Office

**Department:** Town Clerk's Office

---

**Information**

**SUBJECT:**

Appointments to various Boards and Commissions

**RECOMMENDATION:**

Selection committees for the various Boards recommend the following appointments:

Board of Adjustment

Appointment of Helen Dankwerth to a term expiring 12/31/13

Appointment of William Adler to a term expiring 12/31/13

Appointment of John Bohl to a term expiring 12/31/13

Parks and Recreation Advisory Board

Appointment of Jack Stinnett to a term expiring 12/31/13

Appointment of Clifton Wickstrom to a term expiring 12/31/13

Tucson-Pima County Bicycle Advisory Committee

Reappointment of Robert Turnbull to a term expiring 12/31/13

**EXECUTIVE SUMMARY:**

The selection committee for each board has conducted interviews.

**BACKGROUND OR DETAILED INFORMATION:**

Boards and Commissions in various areas of interest have been organized for residents to take an active role in their Town Government. The service and dedication of the board and commission members is invaluable and helps keep Oro Valley a community of excellence.

The applications for the prospective new board members and the reappointment request are attached.

**FISCAL IMPACT:**

N/A

**SUGGESTED MOTION:**

I MOVE that the following appointments be made:

Board of Adjustment -

Appoint Helen Dankwerth to a term expiring 12/31/13

Appoint William Adler to a term expiring 12/31/13

Appoint John Bohl to a term expiring 12/31/13

Parks and Recreation Advisory Board -

Appoint Jack Stinnett to a term expiring 12/31/13

Appoint Clifton Wickstrom to a term expiring 12/31/13

Tucson-Pima County Bicycle Advisory Committee

Reappoint Robert Turnbull to a term expiring 12/31/13

Home Phone 520-544-0946 Business Phone --- Cellular Phone 505-670-9134

Number of Years in Oro Valley 1 Email Address clif.wickstrom@hotmail.com

Signature Clifton Wickstrom Date Oct. 28, 2011

Please indicate the board or commission you wish to join: Parks and Recreation Advisory Board

Please list your volunteer services in Oro Valley and with other organizations including any boards or commissions on which you have served: (board/commission, civic, educational, cultural, social, etc.)

See attached Brief CV.

How does your previous volunteer service prepare you for the board or commission appointment for which you have applied? Please describe an issue considered at a meeting of the Board or Commission for which you are applying.

I have served on several non-profit boards that produced and coordinated community events, much like those sponsored by OV Parks & Rec.

One current issue before the commission is the creation of a process to regularize method for creation of memorials in OV Parks, normally plaques.

Have you attended the Community Academy or CPI? NO What Year? --- If not, are you willing to attend? Yes

Briefly describe your educational/vocational background.

See attached Brief CV.

**EDUCATION AND TRAINING ACTIVITIES:**

Doctor of Philosophy in Government (Diplomacy), Berne University,  
International Graduate School, St. Kitts-Nevis, 1999.  
Dissertation Topic: "Archetypal Models of Department of  
Defense Budget Decision Making (1947 to 1989)." Berne  
University was a U.S. Dept. Of Education recognized, foreign  
accredited institution at the time of graduation. It was  
consolidated into Bernelli University in 2005.

ABD for Doctor of Public Administration, University of Southern  
California, written and oral qualifying examinations  
completed and passed Dec 1988; qualifying areas were public  
finance, public policy, political and administrative theory,  
and organizational behavior. Additional doctoral course work  
in research & analysis methods. (Personal and family matters  
delayed completion of dissertation, until time to complete  
degree expired in 1992.)

Master of Public Administration, University of Alaska, 1974;

Subject: Re-appointment as Oro Valley Representative to BAC

Dear Ms. Gransie:

As a followup to our conversation on Friday, I am sending this message to express my desire to be reappointed as the Oro Valley representative to the Tucson-Pima County Bicycle Advisory Committee.

My current term expires on December 31, 2011.

**Town Council Regular Session**

**Item # D.**

**Meeting Date:** 01/04/2012

**Submitted By:** Kevin Burke, Town Manager's Office

**Department:** Town Manager's Office

---

**Information**

**SUBJECT:**

Resolution No. (R)12-01, approving the Annual Legislative Agenda of the Town and Protocols guiding the Town's priorities for the upcoming legislative session and any lobbying activities

**RECOMMENDATION:**

Staff recommends approval.

**EXECUTIVE SUMMARY:**

Each year, the Town Council approves a general Town of Oro Valley legislative agenda covering state and federal issues. This agenda identifies the recommended legislative priorities of the Town in the upcoming State Legislative Session and will guide the Town's requests and lobbying activities.

Although the legislative agenda should remain flexible due to the as yet unknown nature of bills introduced in the State Legislature, the general concepts and direction are provided here for Town Council discussion and approval. More specific information can be provided, as desired and necessary, after bills are actually introduced. The issues discussed in this report are based on the needs of the Town and what is known about anticipated legislation.

**BACKGROUND OR DETAILED INFORMATION:**

**Council Policy**

In 2008, the Town Council established protocol for the legislative efforts of the Town by approving the general legislative agenda through a resolution and adoption of a Council Communication that describes specific components of the legislative program. A basic principle in any lobbying is to speak with one voice and this resolution establishes guidelines under which any who represent the Town will work.

For state legislative efforts, the Council uses staff and designates a Councilmember as Council Liaison to Legislative District 26, currently Councilmember Joe Hornat. The Mayor frequently interacts with other elected officials at all levels of government during the course of his duties and works with staff in ensuring any legislative efforts regionally, statewide or federally are coordinated to the Council-adopted agenda.

**League of Arizona Cities and Towns**

The Town's intergovernmental liaison works closely with the League of Arizona Cities and Towns, specifically regarding state legislative issues with a strength-in-numbers approach to common interest legislation. The state legislative agenda is developed through involvement in the League resolutions process. The Mayor represents the Town of Oro Valley as a voting member of the Resolutions Committee, comprised of mayors from nearly all Arizona municipalities. The adopted League resolutions, included as Exhibit "A", represent the mutual interests of Arizona cities and towns, and guide the League in its lobbying efforts on behalf of all cities and towns in the state.

## **Federal Legislative Efforts**

Traditionally, federal lobbying efforts are focused on specific earmark requests; however, the earmark process, by which members of Congress direct previously budgeted federal spending to projects and programs that benefit their constituents, has been eschewed by the current Congress. A moratorium on all earmarks remains in place in the House of Representatives, while the Senate has voted to impose a non-binding moratorium on its own members. This is unfortunate because federal funds not earmarked by Congress flow to the executive agencies to be distributed at the discretion of bureaucrats. When our elected representatives in Congress do not have the ability to direct taxpayer dollars back to their home districts, it becomes much more difficult to obtain funding for worthy projects such as Steam Pump Ranch.

## **The 50th State Legislature**

Entering the Second Regular Session of the 50th Legislature, the Republican party maintains a two-thirds "super-majority" in both chambers of the State Legislature, meaning that they have the potential to override a gubernatorial veto, adopt a State budget, or make changes to state-shared revenue formulas.

The complete list of members of the 50th Legislature is included as Attachment 3. Councilmembers will also receive an updated version of "The Green Book," the Arizona Capitol Times guide to the Legislature, as soon as it becomes available.

## **State Legislative Calendar / Process**

The Legislature typically operates on a 100-day calendar. The Governor also has the authority to call the Legislature into session to address specific issues. The 2nd regular session of the 50th Legislature begins Monday January 9, 2012. The Legislature typically conducts business Monday through Thursday. The target date for the end of the regular session is Wednesday April 17, 2012.

Over one-thousand bills are introduced in the Legislature each session. In the Senate, all bills must be introduced within three weeks of the start of the session, and in the House, bills must be introduced within four weeks. This means that most bills will be introduced prior to February 6, 2012, although there are provisions that allow members to submit bill amendments throughout the session, which effectively means that a bill with co-sponsors can be introduced at any time during the regular session.

A summary of the elements of the 2012 Legislative Agenda are included as Attachment 4.

## **FISCAL IMPACT:**

N/A

## **SUGGESTED MOTION:**

I MOVE to (adopt or deny) RESOLUTION NO. (R)12-01, APPROVING THE ANNUAL LEGISLATIVE AGENDA OF THE TOWN AND PROTOCOLS GUIDING THE TOWN'S PRIORITIES FOR THE UPCOMING LEGISLATIVE SESSION AND ANY LOBBYING ACTIVITIES.

Legislative Agenda

**RESOLUTION NO. (R) 12-01**

**A RESOLUTION OF THE MAYOR AND COUNCIL OF THE TOWN OF ORO VALLEY, ARIZONA, APPROVING THE ANNUAL LEGISLATIVE AGENDA OF THE TOWN AND PROTOCOLS GUIDING THE TOWN'S PRIORITIES FOR THE UPCOMING LEGISLATIVE SESSION AND ANY LOBBYING ACTIVITIES**

**WHEREAS**, the Town of Oro Valley is a political subdivision of the State of Arizona vested with all associated rights, privileges and benefits and is entitled to the immunities and exemptions granted municipalities and political subdivisions under the Constitution and laws of the State of Arizona and the United States; and

**WHEREAS**, a major objective of the Town Council is to adopt an aggressive legislative program which strengthens local government, promotes Town goals and defends the Town against legislative actions by State and Federal governments that would weaken local government and/or take away traditional revenue sources; and

**WHEREAS**, it is vital to the fiscal health and the self determination of the Town to effectively communicate with State Legislators and Federal representatives in order to favorably influence State and Federal legislation, regulations and grant requests; and

**WHEREAS**, actions taken by the Pima County Board of Supervisors have a direct impact upon the quality of life in Oro Valley, and it is imperative that the Town maintain quality communications with Pima County; and

**WHEREAS**, the League of Arizona Cities and Towns conducts a legislative analysis and advocacy program on behalf of cities and towns for State issues, which is governed annually by the League resolutions process adopted by cities around the state at the annual conference each fall; and

**WHEREAS**, the Town desires to be proactive and involved in governmental decision making processes directly affecting the Town legislative priorities identified in the Council Communication dated January 4, 2012 and the League of Arizona Cities and Towns legislative priorities identified in Exhibit "A," and other selected issues as may from time to time be recommended by the League of Arizona Cities and Towns; and

**WHEREAS**, a key component of the Town's legislative program is face to face meetings between Town representatives and elected officials at the Federal, State and County levels, and coordination with similar efforts made by other regional and local entities such as the Pima Association of Governments (PAG), and Tucson Regional Economic Opportunities, Inc. (TREO).

**NOW, THEREFORE, BE IT RESOLVED** by the Mayor and Council of the Town of Oro Valley, Arizona that the Town Council of Oro Valley does hereby establish the Legislative Agenda for 2012, as set forth in the Council Communication dated January 4, 2012, and authorizes staff to take positions on legislation generally consistent with the Legislative Agenda and such other resolutions and recommendations that from time to time may be presented to the Town.

**BE IT FURTHER RESOLVED** that Town staff is directed to schedule meetings, as appropriate and convenient, with our congressional, state, county and other local officials to discuss and promote the Town's legislative program, and to continue efforts to improve communications and relationships with the Pima County Board of Supervisors and cities around the state to further our interests in land use, water, transportation, economic development, and public services to our residents.

**PASSED AND ADOPTED** by the Mayor and Town Council of the Town of Oro Valley, Arizona this 4th day of January, 2012.

**TOWN OF ORO VALLEY**

# EXHIBIT “A”

**League of Arizona Cities & Towns Annual Business Meeting**  
**Ratification of Resolutions – September 1, 2011**

No.	Resolutions	Resolution Committee Action
1	<i>Prohibit the legislature from changing the funding formula for shared revenues with cities and towns and increasing costs to cities and towns through shifting existing service costs through increased fees that replace state funding.</i>	Recommend for Adoption
2	<i>Request the Legislature freeze future sweeps of Highway User Revenue Funds (HURF) and restore HURF funding to FY2008 levels over a 3-5 year period to begin in FY2012/2013.</i>	Recommend with Amendments
3	<i>Urges the Legislature to protect the Arizona State Parks (ASP) authority to generate and utilize its revenues as deemed necessary by the ASP Board. Fees generated by the Arizona State Parks are protected for use toward the purposes of State Parks.</i>	Recommend for Adoption
4	<i>Urges the authorization of expenditure and full appropriations through the reauthorization of ARS 41-501, 503 and 504 to restore the Arizona State Park Heritage Funds.</i>	Recommend with Amendments
5	<i>Identify and establish funding sources for Arizona Water Supply Revolving Fund Development authorized by H.B.2692.</i>	Not Recommended for Passage
6	<i>Recommend that the State of Arizona continue to support retention of existing economic development tools and programs and increase access to new tools for cities to help them remain competitive nationally and internationally.</i>	Recommend for Adoption
7	<i>Request the Legislature to amend Arizona Revised Statutes § 16-1004 to clarify that it is illegal to interfere with an election officer during the course of any official election-related duties.</i>	Not Recommended for Passage
8	<i>Request the Legislature amend Arizona Revised Statutes § 13-2904(A) by adding language that protects public employees by clearly indicating that public employees, in the course of their official duties, can be victims of disorderly conduct.</i>	Not Recommended for Passage
9	<i>Support legislation that institutes licensure requirements, regulations and standards for body art “tattoo” establishments.</i>	Recommend for Adoption
10	<i>Amend A.R.S. § 13-1602 (Criminal Damage) to include criminal damage by graffiti.</i>	Recommend with Amendments
11	<i>Urges the Governor and the State Legislature to develop and pass legislation that allows greater flexibility in annexing county islands.</i>	Recommend for Adoption
12	<i>Urges the Legislature to amend A.R.S. § 39-121.01 regulating requests for public records that are overbroad or abusive.</i>	Critical Municipal Issue
13	<i>Urges the Legislature amend statutes requiring cities to publish notices, agendas, reports, and other statutorily mandated publications in a newspaper to allow cities and towns the option to publish on an official website.</i>	Critical Municipal Issue
14	<i>Urges the Governor and the State Legislature to develop and pass legislation that requires disclosure of development impact fees on purchase contracts for new residential construction.</i>	Not Recommended for Passage

**League of Arizona Cities & Towns Annual Business Meeting**  
**Ratification of Resolutions – September 1, 2011**

15	<i>Legalize and encourage changes to net metering policies allowing for aggregate net metering (ANM) and use of energy and credits generated at available public and/or private sites to benefit energy meters located away from the generating site.</i>	Recommend for Adoption
16	<i>Request the Legislature establish the mechanism for the creation of sustainable energy financing district authority. Encourage the Arizona State Legislature to identify and define energy efficiency and renewable energy as a public benefit that enhances the public good and promotes the health, safety, prosperity, security, and general welfare of the community.</i>	Critical Municipal Issue
17	<i>Urges the Governor and the State Legislature to develop and pass legislation that supports efforts to reduce the shortage of physicians in the State of Arizona. The League encourages the Legislature to consider addressing any major issues that affect a physician's decision to locate or remain in Arizona to practice.</i>	Recommend for Adoption
18	<i>Urges the State Legislature to support implementing a pilot program to restrict trucks to the two right-most lanes when traveling on Arizona highways in urban areas with three or more lanes in each direction.</i>	Critical Municipal Issue
19	<i>Amend the laws and regulations for granting a Certificate of Necessity (CON) and allow cities &amp; towns the authority to provide emergency ambulance transportation services within their jurisdictions.</i>	Recommend for Adoption
20	<i>Urges Congress to repeal Section 511 of the Tax Increase Prevention and Reconciliation Act of 2005, which mandates Federal, State and Local government entities to withhold and remit to the IRS 3% of nearly all contract payments, effective January 1, 2013.</i>	Recommend for Adoption
21	<i>Urges the President of the United States and the U.S Congress to enact effective and large-scale forest restoration efforts for Arizona and other western forests to improve forest health and reduce the risks from catastrophic wildfires.</i>	Recommend with Amendments
22	<i>Oppose federal preemption of state and local taxing authority over online travel companies.</i>	Recommend for Adoption

No.	League Staff Recommendations	Resolution Committee Action
1	<i>Supporting city and town authority over local matters; Constitutional authority of Charter Cities.</i>	Recommend with Amendments
2	<i>Support Reasonable Structural Reform to the State's Revenue System.</i>	Recommend with Amendments

## **2012 Legislative Agenda**

The following paragraphs provide a summary of key elements of the 2012 Legislative Agenda. Although the legislative agenda should remain flexible due to the as yet unknown nature of bills introduced in the State Legislature, the general concepts and direction are provided here for your discussion and approval.

### **State Shared Revenues**

The major issue of concern for counties, cities and towns will be possible reductions in state-shared revenues. The revenue sharing system was created through the voter initiative process in order to allow local jurisdictions to fund essential services such as public safety and infrastructure without interference from the state. Protection of the revenue sharing system that has been in place since 1972 is a core principle of the League of Arizona Cities and Towns, and will remain a top priority of the Town's legislative agenda.

### **Local Control**

The Town is also strongly opposed to any mandatory direction from the Legislature regarding the use of own-source revenues. Local jurisdictions maintain the right to determine the manner in which services are delivered to residents, based on the unique needs and desires of the community. Maintenance of local control is a core principle of the League of Arizona Cities and Towns, and opposition to any legislative attempts to erode local decision-making authority is also a top priority of the Town's legislative agenda.

### **Economic Development**

Economic development that creates high-wage jobs and builds on our success as a hub for high-tech and bio-medical research and development and manufacturing is a top priority of the Town. During the last legislative session, a number of bills were passed creating tools and programs intended to help cities and towns remain competitive nationally and internationally. The Legislature also approved the Governor's plan to replace the Commerce Department with a quasi-public Commerce Authority. The Town supports legislative efforts to strengthen existing tools and will work to advance the creation of new economic development programs.

### **Transportation and Transit**

For fiscal year 2011, the State repealed Local Transportation Assistance Funding (LTAF), impacting the Town's ability to provide transit service, and reducing funding for transit services throughout the region. In addition to the loss of dedicated transit funding, cities and towns have also experienced significant reductions in Highway User Revenue Funds (HURF). The Town supports legislative efforts to restore HURF funding and identify permanent, designated funding sources for transportation infrastructure and transit that do not impact other state shared revenues.

### **Annexation**

State statutes regarding municipal annexation have become overly complex and are a barrier to regional development and fiscal sustainability. The Town supports reforms that remove barriers to annexation and reduce the need for counties to provide urban services.

### **Support for Public Education**

Although the Town is not directly involved in education issues, public education is important to the long-term health and vitality of our community. The University of Arizona, Pima Community College, Amphitheater School District, and public charter schools provide the foundation for our future success. The Town will not support any attempts to reduce funding for public education.

**Information**

**SUBJECT:**

Resolution No. (R)12-02, authorizing and approving the transfer of Honey Bee Park from Pima County to the Town of Oro Valley

**RECOMMENDATION:**

Staff recommends approval.

**EXECUTIVE SUMMARY:**

Honey Bee Park is a 62 acre park south of Rancho Vistoso Boulevard. This park includes a parking area, signage, restrooms, two ramadas, site furniture and trails providing access to Honey Bee Wash.

With the fulfillment of the requirements as set forth in the Development Agreement Between Pima County and Stone Canyon L.L.C., Pima County is prepared to transfer the park to the Town of Oro Valley subject to a conservation easement.

**BACKGROUND OR DETAILED INFORMATION:**

In 2002, Pima County signed a development agreement with Stone Canyon L.L.C. which specified that the developer had to grant Honey Bee Park to the County. Since that time, the park has been a public park and Pima County has assumed all maintenance responsibilities. The development agreement specified that Pima County could, upon request from Oro Valley, convey title to the park to the Town subject to a conservation easement in favor of Pima County.

In May of 2011, the Town was notified by Pima County Natural Resources, Parks and Recreation Department representatives that the requirements of the Development Agreement between Stone Canyon L.L.C. and the County had been met and that Pima County was prepared to transfer Honey Bee Park to Oro Valley.

Should the Town choose to accept the Park, the Parks Recreation Library & Cultural Resources Department will assume responsibility for the park, including providing regular parks maintenance and renting out the two ramadas.

**FISCAL IMPACT:**

There is no payment due to Pima County from Oro Valley for the transfer of Honey Bee Park. Conversely, no funding will be provided to the Town from Pima County to accept the Park.

REVENUE: Ramada rentals are anticipated to generate approximately \$2,000 annually.

EXPENSE: An assessment of annual operations and maintenance costs was developed by the PRL&CR

Parks Maintenance Division in partnership with the Pima County parks maintenance staff.

The annual operations and maintenance costs to operate Honey Bee Park will be approximately \$17,500. This includes \$12,500 in staff time and \$5,000 in materials, supplies and utilities. In addition, several modest repairs will be required during the first year, including repairs to the restrooms, site furniture, irrigation system and trails. These initial repairs will cost \$7,000. It is recommended that this amount be included in the FY 2012-13 budget.

In the past , one Pima County parks maintenance worker was at the park for 30 hours per week cleaning the restrooms and ramadas and performing trash pick-up, trail maintenance and landscape maintenance. However, if the park is transferred to the Town, only 12 hours of weekly park maintenance are recommended going forward. Although it is always preferable to "absorb" the work utilizing existing staff, at this point, if no staff hours are added, other parks maintenance tasks will have to be eliminated to make time to complete the maintenance of this park. In the FY 2012-13 budget staff will explore adding hours to part time employees' schedules or hiring another part time employee to cover this additional work load. Again, the annual cost of these hours would be approximately \$12,500.

**SUGGESTED MOTION:**

I MOVE to (adopt or deny) Resolution No. (R)12-02, AUTHORIZING AND APPROVING THE TRANSFER OF HONEY BEE PARK FROM PIMA COUNTY TO THE TOWN OF ORO VALLEY.

---

**Attachments**

R12-02 Transfer of Honey Bee Park

Honey Bee Park Conservation Easement

**RESOLUTION NO. (R) 12-02**

**A RESOLUTION OF THE MAYOR AND COUNCIL OF THE TOWN OF ORO VALLEY, ARIZONA, AUTHORIZING AND APPROVING THE TRANSFER OF HONEY BEE PARK FROM PIMA COUNTY TO THE TOWN OF ORO VALLEY**

**WHEREAS**, the Town of Oro Valley is a political subdivision of the State of Arizona vested with all associated rights, privileges and benefits and is entitled to the immunities and exemptions granted municipalities and political subdivisions under the Constitution and laws of the State of Arizona and the United States; and

**WHEREAS**, in 2002 Pima County signed a development agreement with Stone Canyon, L.L.C. which stated that Stone Canyon L.L.C. had to grant Honey Bee park (“Park”) to Pima County upon completion of certain conditions; and

**WHEREAS**, the development agreement stated that Pima County would convey title to the Park to the Town subject to the Town conveying a conservation easement to Pima County, attached hereto as Exhibit “A” and incorporated herein by this reference; and

**WHEREAS**, as the terms of the development agreement between Pima County and Stone Canyon, L.L.C. have been completed Pima County notified the Town in May 2011 that the County was prepared to transfer Honey Bee Park to the Town in return for the conservation easement; and

**WHEREAS**, it is in the best interest of the Town to accept the title to the Park subject to conveyance of the conservation easement to Pima County.

**NOW, THEREFORE, BE IT RESOLVED by the Mayor and Council of the Town of Oro Valley, Arizona, that** the conveyance of Honey Bee Park from Pima County to the Town of Oro Valley in exchange for the conservation easement, attached hereto as Exhibit “A”, and incorporated herein by this reference, from the Town of Oro Valley to Pima County, is hereby authorized and approved.

**BE IT FURTHER RESOLVED** that the Mayor and any other administrative officials of the Town of Oro Valley are hereby authorized to take such steps as are necessary to carry out the terms of this Agreement.

**PASSED AND ADOPTED** by the Mayor and Council of the Town of Oro Valley, Arizona, this 4<sup>th</sup> day of January, 2012.

**TOWN OF ORO VALLEY**

# EXHIBIT “A”

**GRANT OF CONSERVATION EASEMENT**

THIS CONSERVATION EASEMENT is made this \_\_\_\_ day of \_\_\_\_\_, 2011, by the Town of Oro Valley, a municipal corporation existing under the laws of the State of Arizona, ("Grantor"), in favor of Pima County, a political subdivision of the State of Arizona, ("County" or "Grantee") (collectively, the "Parties"), pursuant to A.R.S. § 33-271, et. seq.

In consideration of the mutual covenants contained herein, Grantor hereby voluntarily grants and transfers to County a conservation easement (the "Easement"), in perpetuity, over and across the property described in **Exhibit A** (the "Property"), which Easement shall run with the land and shall bind the Grantor and County in perpetuity, subject to the terms and conditions contained herein.

1. **PURPOSE.** The Parties agree that it is the purpose of this Easement to: (i) assure that the Property will be preserved forever in its predominantly open, scenic, undeveloped and natural condition; (ii) prevent any uses of the Property that will significantly impair or interfere with the Conservation Values of the Property as provided below; (iii) conserve habitat for wildlife; (iv) protect rare and unique native plants and animals currently known or later identified; and (v) promote the conservation purposes stated in A.R. S. § 33-271(2).
  
2. **CONSERVATION VALUES.** For purposes of this Easement, Conservation Values shall mean areas of biological, ecological, archeological, historical, cultural or geologic importance.
  
2. **RIGHTS OF COUNTY.** Grantor hereby grants the following rights to County:
  - 2.1 To identify, preserve, protect and monitor, in perpetuity, the Conservation Values of the Property;
  
  - 2.2 To prevent Grantor or third persons from conducting any activity on or use of the Property that is prohibited or inconsistent with this Easement;

- 2.3 To enter upon the Property for administrative purposes, provided that such entry shall not in any case unreasonably interfere with Grantor's use and quiet enjoyment of the Property;
  - 2.4 Upon thirty (30) days written notice to Grantor, and subject to Grantor's approval, which shall be in Grantor's sole discretion, County or other educational or research agencies and institutions may enter upon the Property to engage in ecological, geological and/or archeological studies, research and special projects, provided that County shall not unreasonably interfere with Grantor's use and quiet enjoyment of the Property, and further provided that such studies, research and special projects do not constitute 'prohibited activities' under Section 4 of this Easement;
  - 2.5 To enter upon the Property at any time during the term of this Conservation Easement under emergency circumstances to prevent an imminent breach of the terms of this Easement or, in County's sole discretion, to prevent damage to or destruction of the Conservation Values.
3. PERMITTED ACTIVITIES. The following activities shall be permitted on the Property:
- 3.1 Vegetation removal as reasonable and necessary for habitat improvements to promote recovery or reestablishment of native species, fencing, maintaining utility easements, livestock developments and residential needs, except where priority vulnerable species may be negatively impacted.
  - 3.2 The use of existing outbuildings as identified herein, that is reasonable and necessary to sustain the recreational operations, provided they do not compromise the Conservation Values for which the Property was acquired.
  - 3.3 The construction of replacement structures on the existing disturbed sites. New structures may be permitted consistent with the purposes of, and not specifically prohibited by the terms of this Easement.
  - 3.4 Prescribed fire and fire management activities affecting areas of 1 acre or less. Prescribed fire on areas exceeding 1 acre requires written approval from Grantee.
  - 3.5 Installation of new or replacement of existing wire-strand fencing, built to wildlife-friendly standards as established by the Arizona Game and Fish Department.
  - 3.6 The use of herbicides or pesticides as needed for non-native vegetation management or fire management purposes.

- 3.7 Replacement of existing wells, pumps, pipelines, windmills, septic systems and storage tanks as necessary for permitted operations on the Property along with maintenance and repair of existing water developments.
- 3.8 Maintenance of existing trails for nonmotorized recreation including hiking, wildlife-watching, mountain biking, hunting access to adjoining public lands, and horseback riding, provided the trails don't compromise the Conservation Values of the Property.
- 3.9 Hunting by licensed and/or permitted hunters consistent with the rules, regulations and seasons established by the Arizona Game and Fish Department.
- 3.10 Wildlife management activities carried out in cooperation with the Arizona Game and Fish Department.

4. PROHIBITED ACTIVITIES. Any activity or use of the Property inconsistent with the purpose of this Easement or the Conservation Values of the Property is prohibited. Without limiting the generality of the foregoing, the following activities and uses are expressly prohibited:

- 4.1 Development of the Property, including subdivision or lot splitting of the Property.
- 4.2 Constructing or placing of any additional buildings or structures, except construction of additional residences, associated outbuildings and agricultural outbuildings or recreational development, as might be provided elsewhere in this Easement.
- 4.3 Surface alteration or natural vegetation alteration other than that necessary to retain, restore or enhance the Property's Conservation Values as defined herein.
- 4.4 Disturbance to archaeological and historic sites, including collection of artifacts and excavation, or construction of any facilities or improvements within archaeological and historic site boundaries.
- 4.5 Severing of surface or subsurface water rights associated with the Property, including the transfer, encumbrance, lease and sale of water rights, except where severance of such water rights benefits the Conservation Values as defined herein.
- 4.6 Manipulating, impounding or altering any natural watercourse, except as may be necessary to retain, restore or enhance the Conservation Values as defined herein.
- 4.7 Development of, or the granting of rights-of-way, access or easements for new roads, except as might be provided elsewhere in this Easement.

- 4.8 Development of, or the granting of rights-of-way, access or easements for new utilities, including telecommunications facilities, except where environmental analysis adequately demonstrates that allowing such activities is not harmful to the Conservation Values of the Property. Review of such environmental analyses and final determination as to the harmful nature of such impacts is granted solely to Grantee.
- 4.9 Filling, excavating, dredging, mining, drilling, exploration, or extraction of minerals, hydrocarbons, soils, sand, gravel, rock or other materials on or below the surface of the Property, except as minimally necessary in connection with such activities as may be required in performing any activities permitted herein or as allowed under Federal law.
- 4.10 The storage, dumping, accumulation or disposal of toxic and/or hazardous materials, trash, garbage, solid waste or other unsightly material on the Property.
- 4.11 The introduction of non-native fish or amphibians or other non-native organisms to or from catchments, tanks, springs or creeks.
- 4.12 The introduction of non-native species of noxious or aggressive character that might adversely affect the Conservation Values of the Property.
- 4.13 Storage and use of biocides and chemical fertilizers except for residential and agricultural purposes that may be provided for herein. Aerial application of biocide or other chemicals is prohibited except where Grantor and Grantee concur that it is an appropriate and necessary management technique to promote the recovery or reestablishment of native species or to reduce threats to ecosystem structure and function.
- 4.14 Pumping of surface or subsurface water from existing diversions for other than on-site residential, wildlife, recreational, habitat enhancement. Increases in the amount of surface or subsurface water per pump shall not be permitted without joint approval from Grantor and Grantee.
- 4.15 Construction of new water diversions that divert surface or subsurface water from any spring or watercourse, except for activities otherwise permitted herein.
- 4.16 Planting non-native, invasive plant species.
- 4.17 Installation of underground storage tanks for petroleum or other polluting substances, except those already existing or permitted septic tanks.
- 4.18 Except as expressly permitted in Paragraph 3.15 above, confinement of livestock where animals are located in enclosures. This includes but is not limited to horses, feeder cattle, dairy, pig, poultry and exotic animal farm operations.

- 4.19 Commercial enterprises inconsistent with protection of the Property's Conservation Values. Commercial enterprises that provide for ecotourism or wildlife-related recreation may be approved subject to the joint consent of Grantor and Grantee.
- 4.20 Use of the Property to provide temporary residential space for mobile homes, travel trailers, tent trailers, self-propelled recreational vehicles and like structures or vehicles
- 4.21 Any paving of roads using asphalt or concrete except where required by County ordinance.
- 4.22 Any modification of the topography of the Property through the placement thereon of soil, dredging spoils, or other material, except for those uses permitted under this Easement.
- 4.23 Off-road vehicular travel except as reasonably necessary to facilitate permitted activities on the Property.

5. DEFAULT AND REMEDIES.

- 5.1 If County determines that Grantor is in breach of the terms of this Easement, County shall give written notice to Grantor of such breach and demand corrective action sufficient to cure the breach and, where the breach involves injury to the Property resulting from any activity inconsistent with the purpose of this Easement, to restore the portion of the Property so injured. If Grantor fails to cure the breach within thirty (30) days after receipt of such notice, or under circumstances where the breach cannot reasonably be cured within a thirty (30) day period, fails to begin curing such breach within the thirty (30) day period, or fails to continue diligently to cure such breach until finally cured, then the County may bring an action at law or in equity in a court of competent jurisdiction to enforce the terms of this Easement, to enjoin the breach by temporary or permanent injunction, to recover any damages to which it may be entitled for breach of the terms of this Easement or injury to any protected uses or Conservation Values, including damages for any loss thereof, and to require the restoration of the Property to the condition that existed prior to any such injury. If upon receipt of notice from the County the Grantor fails to cease the activity which caused the breach, the County may bring immediate action at law or equity to enjoin the breach by temporary or permanent injunction.
- 5.2 Nothing in this Easement shall be construed to entitle County to bring any action against Grantor for any injury to or change in the Property resulting from causes beyond Grantor's control, including unforeseeable acts of trespassers, fire, flood, storm, drought, pests, earth movement, and major vegetative disease, or from any prudent action taken by Grantor under emergency conditions to prevent, abate or

mitigate significant injury to the Property resulting from such causes.

6. COSTS, TAXES. Grantor retains all responsibilities and shall bear all costs and liabilities of any kind related to the ownership, operation, upkeep, and maintenance of the Property. Grantor remains solely responsible for obtaining any applicable governmental permits and approvals for any activity or use which shall be undertaken in accordance with all applicable federal, state, and local laws, regulations, and requirements. Grantor shall pay before delinquent all taxes, assessments, fees, and charges of whatever description levied on or assessed against the Property by competent authority (collectively "taxes"), and shall furnish Grantee with satisfactory evidence of payment upon request.
7. THIRD PARTY BENEFICIARY. Grantor grants to Pima County Regional Flood Control District the right as third party beneficiary to enforce the terms and conditions of this Easement ensuring perpetual preservation of the Conservation Values of the Property.
8. GENERAL PROVISIONS.
  - 8.1 **Severability.** If any provision of this Easement is found to be invalid, the remainder of the provisions of this Easement shall not be affected thereby.
  - 8.2 **Entire Agreement.** This instrument sets forth the entire Agreement of the Parties with respect to this Easement.
  - 8.3 **Public Access.** Nothing contained herein shall be construed as affording the public at large access to any portion of the Property, except that the public shall have ingress and egress over the Property along any and all designated trails maintained pursuant to paragraph 3.12 above, for the purpose of engaging in any properly permitted activity on the Property.
  - 8.4 **Successors.** The covenants, terms, conditions, and restrictions of this Easement shall be binding upon, and inure to the benefit of the Parties hereto and their respective personal representatives, heirs, successors, and assigns, and shall continue as a servitude running in perpetuity with the Property.
  - 8.5 **Cancellation.** This Easement is subject to cancellation per A.R.S. §38-511.
  - 8.6 **No Subordination.** Upon recordation in the Pima County, Arizona, Recorder's Office, this Easement shall be deemed superior to all after acquired property interests in the Property. County shall have no obligation to subordinate its rights and interests in this Easement to any party.

**Item # 1.**

**Meeting Date:** 01/04/2012

**Submitted By:** Julie Bower, Town Clerk's Office

**Department:** Town Clerk's Office

---

**Information**

**SUBJECT:**

ELECTION OF VICE MAYOR

**RECOMMENDATION:**

The Mayor and Council need to elect a Vice Mayor for calendar year 2012.

**EXECUTIVE SUMMARY:**

Section 2-1-4 of the Oro Valley Town Code states that "At the first regular meeting in January of each calendar year, the Town Council shall elect one of its members as Vice Mayor by a majority vote. Those Councilmembers eligible each January are only those whose terms will not expire in June of that calendar year."

**BACKGROUND OR DETAILED INFORMATION:**

The next regular election for the Town of Oro Valley is March/May 2012. Therefore, only the following Councilmembers whose terms will not expire in June of this year are eligible for consideration:

Councilmember Hornat  
Councilmember Snider (currently serving as Vice Mayor)  
Councilmember Waters

Mayor Hiremath will open and close nominations.

**FISCAL IMPACT:**

N/A

**SUGGESTED MOTION:**

I MOVE to elect \_\_\_\_\_ as Vice Mayor, effective January 04, 2012 through January 02, 2013.

**Item # 2.**

**Information**

**SUBJECT:**

RESOLUTION NO. (R)12-03, AUTHORIZING AND APPROVING AN INTERGOVERNMENTAL AGREEMENT BETWEEN THE TOWN OF ORO VALLEY AND THE ARIZONA GAME AND FISH COMMISSION FOR AN ARCHERY RANGE AT THE ORO VALLEY NARANJA TOWN SITE PARK

**RECOMMENDATION:**

Staff recommends approval.

Additionally, staff recommends that the development of this facility be contingent on funding through private sources, grants, the Arizona Game and Fish Department and other government agencies. Further, it is recommended that the facilities be constructed as funds become available and, if necessary, in phases with the fixed course being constructed first, followed by the east walk-around course and, lastly, the west walk-around course.

**EXECUTIVE SUMMARY:**

On July 20, 2011, the Town Council directed staff to work with local archery advocates, interested stakeholders, and the Arizona Game and Fish Department to develop a proposal for creating an archery course at Naranja Park. In addition to the groups listed above, staff held two public open houses and met with the Parks and Recreation Advisory Board.

Included as Attachment 2 is an Intergovernmental Agreement with the Arizona Game and Fish Department to work cooperatively toward the development of the Oro Valley Archery Park for a period of 10 years. Attachments 3 and 4 show the proposed Archery Park, which includes one fixed course and two walk-around courses. Public feedback from two open houses are included as Attachments 5 and 6. An issue of "Archery Insight" newsletter is included as Attachment 7, and Archery Park rules are included as Attachments 8 and 9.

**BACKGROUND OR DETAILED INFORMATION:**

There has been increasing interest in archery in Oro Valley in recent years. More than 4,500 students have participated in the National Archery in the Schools Program in the Oro Valley Area. Local archery enthusiasts estimate that there are in excess of 6,000 archers in the greater Oro Valley area. In addition, PSA Archery in Tucson is one of the world's leading manufacturers of archery equipment. With this strong local support, archers have secured commitments from Arizona Game and Fish, archery equipment manufacturers, the National Archery Trade Association, a local archery club, local businesses and other interested stakeholders to provide technical assistance, guidance and financial support for a

Naranja Park archery course.

In response to Town Council questions, the following information is provided for review and consideration.

1. Show the proposed location and conceptual plan of the Naranja Park's archery courses and associated support facilities, including signage, restrooms, shade structures, and parking.

The proposed Naranja Park archery facility location map and concept plan is attached. A location map and layout of the archery courses overlaying the Naranja Park Master Plan is also provided.

Archery Facilities: The proposed facility includes one fixed course and two walk-around courses.

The two-acre fixed range archery course is proposed to be located just east of the south entrance to Naranja Park. The fixed range will consist of a 10 target fixed distance range from 10 to 100 meters. There is currently no structure in this area, and the area would need to be cleared of trees and brush.

The first of the two National Field Archery Association certified walk-around courses is proposed on 35 acres in the southwest corner of the park. The walking course uses the already established walking trails, and would not interfere with these trails. The second walk-around course is to be located on 20 acres on the southeast corner of the park. Again, this walking course uses the already established walking trails, and would not interfere with these trails.

Restroom: A proposed restroom facility will be located just west of the 20-acre range, and north of the 2-acre fixed range. This facility would have a composting toilet, and a storage room for supplies on the side of the structure.

Parking: This plan would include the use of the two existing parking lots at Naranja Park. These existing parking lots currently have space for approximately 45 cars. There is a possibility of a new parking lot located just northeast of the 2-acre fixed range course as identified in the Naranja Park Master Plan

Shade: A shade structure would be located on the west end of the 2-acre fixed range. This structure would provide shade for the archers on the fixed range.

Signage: Signage would be needed throughout Naranja Park. Archery course and range rules would be required at the entrances of each course. Signs advising the park users to stay on the trails would be installed throughout the walking trails.

## 2. IGA with the Arizona Game and Fish Department

The attached intergovernmental agreement between the Arizona Game and Fish Department and the Town of Oro Valley has been reviewed by staff and the Town Attorney. The IGA is for funding, technical assistance, training and related services.

## 3. Funding Opportunities

A number of organizations have been identified that provide opportunities for funding, grants and/or donations, including the Arizona Game and Fish Department, Pusch Ridge Archers, the Archery Trade Association and Easton Sports Development.

The Arizona Game and Fish Department, through an approved IGA, can provide \$5,000 in seed money to get the project off the ground. A Range Development grant is also available for up to \$50,000 with matching funds. The Range Development grant is due by January 15th and the matching funds can be

labor, land and other various matching funds.

The Archery Trade Association has expressed interest in the project and is willing to donate up to \$40,000 to assist in the development of archery courses at Naranja Park. The Pusch Ridge Archers would like to donate \$10,000 to assist in the development of the Naranja Park courses. Finally, Easton Sports Development has grants available for equipment and range development.

#### 4. Environmental Assessments as required by the Arizona Game and Fish Department

The Town has met all requirements for environmental assessments mandated by the Arizona Game and Fish Department. These reports included an Environmental Site Assessment completed in 1999, a Geophysical Report completed in 2000, and a Shallow Soil Gas Survey completed in 2000. These assessments were completed as part of the Naranja Park Master Plan.

#### 5. Safety Measures and Assurances

**Archery Safety:** The Arizona Game and Fish Department, as well as other recreational sport industry researchers, have provided data regarding the safety of archery. One study, published by Archery Insight, is attached.

Data indicates that archery is one of the safest sports, with an injury rate of less than one incident per 1,000 participants; in 2004 recreational activities like golf and fishing had an injury rate of up to 1.5 to 2 times the rate for archery. Common sports like soccer, baseball and basketball have injury rates 15 to 25 times that of archery. The safe record of archery is also recognized by the insurance industry. Based on evidence from injury reports, the standard general liability coverage maintained by most organizations has been determined sufficient for archery. In these situations, no additional policy amendments are needed when adding an archery program. Insurance broker Francis L. Dean & Associates rates archery in the same class as badminton, bowling, cross country, fencing, golf, handball, rowing, tennis and track when calculating policy premiums.

**Naranja Park Archery Rules:** The archery working group has put together a list of rules for the archery courses at Naranja Park. These rules are in compliance with industry standards and have been approved by the Arizona Game and Fish Department.

**Facility Design:** Experts in range safety and design developed the proposed Naranja Park course and range layout. They visited the park many times and worked with the local archery community and Arizona Game and Fish Department to come up with a safe design meeting industry standards.

Members of the Arizona Game and Fish Department, local community archers and Town staff including Safety and Risk Manager Bob Easton walked the courses with a representative from Arizona Municipal Risk Retention Pool, Ed Bantel. Mr. Bantel did not find any problems with the layout or safety concerns. Additionally, he established that an archery facility would not increase the cost of the Town's insurance policy.

**Oro Valley Police Department:** A representative from the Oro Valley Police Department, Lt. John Teachout, participated in the working group to insure safety and spot issues up front that might be problematic in the future. He has reviewed the proposed archery plan including the course layout as well as the facility rules and proposed signage. He concurs that appropriate mitigation has taken place to insure a safe environment.

**Safety Training:** The Arizona Game and Fish Department has offered to certify training courses for Town staff and volunteers in archery safety. Additionally, the archery advocates will organize periodic introductory trainings for the public.

## 6. Economic Development Benefits of Archery

An archery course in Oro Valley would be a source of economic development for the community. During the non-summer months, it is expected that each weekday 20 or more archers from Oro Valley and Southern Arizona would use the course. The number of archers would increase on the weekend. These archers may patronize Oro Valley stores and restaurants.

Archery tournaments would also be held at Naranja Park during non-summer months. 3D shoot tournaments could be held once a month, attracting 50 – 100 shooters per competition. It is anticipated that these tournaments would attract archers from Southern Arizona who currently travel to Eastern and Northern Arizona for such events.

There is potential for a signature archery event in Oro Valley. With fixed range course and two walking courses at Naranja Park, the facility would be capable of hosting an event with 224 shooters. The participants would likely stay in Oro Valley hotels and patronize local stores and restaurants. Families frequently attend signature archery events in other areas of the state.

A case study performed by the University of Florida on Small-Scale Event Sport Tourism indicated that national events with 245 participants averaged \$134 in daily expenditures for day trip participants. Overnight participants averaged \$186 in daily expenditures.

## 7. Benefits of Archery as a Multi-generational Lifetime Sport

Archery is a highly regarded all-inclusive sport. Archery provides the opportunity for lifelong physical activity in which any age group can participate. Research on archery shows that involvement increases mental, physical and spiritual well being, as well as enhanced social skills and character traits. The sport is accessible to anyone who can hold a bow. People of either gender and almost any age and size can participate. Technology makes archery accessible to those confined to wheelchairs as well. Archery is also a great family sport. Archery provides an outdoor activity that the entire family can enjoy together.

Archery is an affordable sport for beginners. New bow prices range from around \$50-\$500 for quality introductory level gear, up to \$1500-\$2000 for competitive equipment (such as that used by international contenders).

## 8. Eco-Friendly Aspects of Archery

Outdoor recreation is becoming a smaller part of young people's lives, which has negative consequences on their health and well-being. Introducing them to a lifetime sport such as archery has benefits inside and outside the classroom. Getting kids active in the outdoors makes it more likely that they will serve as advocates of our natural resources. Archery equipment does not produce lead, aerosols or particulates. Arrows are reusable and many of the targets are biodegradable or made from recycled materials.

The archery area could be converted into another facility without any environmental issues.

## 9. Demand for Archery

There is archery youth programming at over 25 schools in Oro Valley and the surrounding area. Over 4500 students participate in these programs with few options to continue their training once they have completed the course. Additionally, there are over 6000 applications for bow hunters in Southern Arizona

each year through Arizona Game and Fish Department.

Clubs and Associations have expressed an interest in having an archery course in Oro Valley. These clubs include the Pusch Ridge Archers, Saddlebrooke Archers, Desert Archers and various Olympic and Junior Olympic archery clubs. The amount of shooters using the course would vary with climate and hunting seasons. In the fall, winter and spring it is approximated that 20-25 shooters per day would use the course, with a higher number of shooters on the weekend. During the summer it is expected that attendance will be lower due to the heat. There has been an expressed need for ranges suitable to hold more tournaments in Southern Arizona during the winter months. These shoots can range from 50 – 100 shooters and would fill a need for the archery community.

#### 10. Community Outreach Plan

The Parks Recreation Library & Cultural Resources Department hosted two open houses at Town Hall for the archery project. Notices were sent out to neighbors within 600 yards of Naranja Park. The open houses were advertised on the website, in newspapers, and through social media. Members of the archery working group were present at both of these meetings. This group included Town staff, Arizona Game and Fish Department staff, and local members of the archery community. Drafts of course layouts and maps were made available to the public and archery working group members answered questions from the public in attendance.

At the September 26th open house meeting, Mike Raum from the Arizona Game and Fish Department gave a power point presentation on the safety of archery and examples of archery ranges from around the country. Although not everyone signed in at the open houses, there were 42 people signed in at the August 18 open house and 56 people signed in on September 26. The sign in sheet and comments turned into staff are attached to the Council Communication. There were 65 comment sheets submitted by youth and adults with 72% of the comments supporting archery.

#### 11. Course Maintenance and Upkeep

Parks staff would be responsible for the maintenance and upkeep of the archery courses. These duties would include trash pick up, keeping the trails clean, upkeep of the targets on the fixed range and walking courses. If facilities were built such as restrooms or parking areas, parks staff would also be responsible for the maintenance of these areas. Archery clubs in the area would organize workdays at the park for additional course clean up and maintenance of the targets.

#### 12. Course Operations

The fixed course and the walk around courses are proposed to be open daily from 6 a.m. or dawn – whichever is later – until dusk. Each archer would be required to have either an annual pass or a day pass (as described below), although the course would be self-managed by the archers. Introductory classes and training programs are planned to be offered by Arizona Game and Fish and other trained individuals. Additionally, Parks and Recreation staff will be at the site on an intermittent basis providing oversight and monitoring.

#### 13. Proposed Fee Structure

The current proposed fee structure would be a \$5 per visit fee or a \$50 annual pass. Enforcement of these fees and annual passes are through a combination of Town staff and self-regulation by the archery community. A tag or permit would have to be visible on the archers using the course at all times to show they registered. Course users would be required to obtain a day pass on site at an “Iron Ranger” station

or purchase an annual pass at the Oro Valley Parks and Recreation Office.

These rates are competitive to other ranges in Arizona and surrounding areas. The Pima County archery range at Tucson Mountain Park is self-regulated with rates of \$3 per visit or \$25 for an annual pass. Ben Avery Shooting Facility in Phoenix is self regulated and charges \$7.00 per day to use the range. Utery Mountain Regional Park in Maricopa County is self regulated and charges \$6.00 per vehicle for park entrance, \$2.00 per archer supply fee or a \$40.00 annual pass.

#### 14. Volunteers and stakeholders participation

Upon entering an IGA with the Arizona Game and Fish Department, Town staff along with the archery working group would work together to develop the archery courses at Naranja Park. The IGA is for funding, technical assistance, training and related services. Members of the local archery community have discussed bringing together interested archery enthusiasts to form a working group. This group would help in organizing tournaments as well as workdays at Naranja Park.

#### 15. Parks and Recreation Advisory Board Concerns

On February 15, 2011, the Parks and Recreation Advisory Board voted to recommend to the Town Council to continue to reserve the land west of the main road in Naranja Park as undisturbed per the original master plan for the park; even in such case that they consider temporary short-term usages for the land east of the main road. In subsequent discussions, PRAB has cited the health and safety of the natural landscape including cactus and vegetation as primary cause of concern for an archery walk-around course west of the road.

#### **FISCAL IMPACT:**

The net fiscal impact of the direct revenue and expense of the archery course at Naranja Park is estimated to be a “wash”.

The costs associated with this project will include an additional four hours per week of Parks staff time spent at Naranja Park due to park usage. These additional hours add up to \$5200 per year. Administrative staff costs to handle registration and supervision of the range would add an additional two hours per week to handle increased registrations. The added administrative costs would add up to \$4160 annually. The total estimated additional cost to the Town would be approximately \$10,000.

Projected revenue for the Town would be collected through daily and annual fees. It is estimated that there would be 150 annual pass holders, and 400 daily pass users annually totaling \$9500. This does not take into consideration revenue from tournaments or the economic impact of the users.

#### **SUGGESTED MOTION:**

I MOVE to (adopt or deny) Resolution No. (R)12-03, AUTHORIZING AND APPROVING AN INTERGOVERNMENTAL AGREEMENT BETWEEN THE TOWN OF ORO VALLEY AND THE ARIZONA GAME AND FISH COMMISSION FOR AN ARCHERY RANGE AT THE ORO VALLEY NARANJA TOWN SITE PARK.

Councilmembers may wish to consider the following conditions:

Development of this facility will be contingent on funding through private sources, grants, other government agencies and the Arizona Game and Fish Department.

The facility is to be constructed as funds become available and, if necessary, in phases with the fixed course being constructed first, followed by the east walk-around course and, lastly, the west walk-around

course.

**RESOLUTION NO. (R) 12-03**

**A RESOLUTION OF THE TOWN OF ORO VALLEY, ARIZONA,  
AUTHORIZING AND APPROVING AN INTERGOVERNMENTAL  
AGREEMENT BETWEEN THE TOWN OF ORO VALLEY AND  
THE ARIZONA GAME AND FISH COMMISSION FOR AN  
ARCHERY RANGE AT THE ORO VALLEY NARANJA TOWN  
SITE PARK**

**WHEREAS**, the Town of Oro Valley is a political subdivision of the State of Arizona vested with all associated rights, privileges and benefits and is entitled to the immunities and exemptions granted municipalities and political subdivisions under the Constitution and laws of the State of Arizona and the United States; and

**WHEREAS**, pursuant to A.R.S. § 17-231(B)(7), the Arizona Fish and Game Commission (“Commission”) is authorized to enter into agreement with other entities; and

**WHEREAS**, pursuant to A.R.S. § 11-952, the Town of Oro Valley is authorized to enter into intergovernmental agreements for joint and cooperative action; and

**WHEREAS**, the Town desires to enter into an intergovernmental agreement with the Commission for the development of a Town archery range at the Oro Valley Naranja Town Site Park; and

**WHEREAS**, it is in the best interest of the Town of Oro Valley to enter into the Intergovernmental Agreement with the Commission, attached hereto as Exhibit “A” and incorporated herein by this reference, in order to set forth the terms and conditions to provide for the health, safety and welfare of the residents in the Town of Oro Valley.

**NOW, THEREFORE, BE IT RESOLVED** by the Mayor and the Council of the Town of Oro Valley, Arizona, that the Intergovernmental Agreement, attached hereto as Exhibit “A” and incorporated herein by this reference, between the Town of Oro Valley and the Arizona Game and Fish Commission is hereby authorized and approved.

**PASSED AND ADOPTED** by the Mayor and Town Council of the Town of Oro Valley, Arizona this 4<sup>th</sup> day of January, 2012.

**TOWN OF ORO VALLEY**

# EXHIBIT “A”

## INTERGOVERNMENTAL AGREEMENT

### BETWEEN THE ARIZONA GAME AND FISH COMMISSION AND THE TOWN OF ORO VALLEY

Pursuant to A.R.S. § 11-951, *et seq.*, this Intergovernmental Agreement (“Agreement”) is made this \_\_\_\_ day of \_\_\_\_\_, 2012, between the State of Arizona, by and through the Arizona Game and Fish Commission (“Commission”) and Town of Oro Valley (the “Town”) (collectively “Parties” and singularly “Party”).

WHEREAS the Commission has statewide responsibility for using designated funds on shooting ranges open to the public and operated by government or non-profit entities for the purposes of range enhancement or projects that are necessary to operate and maintain the shooting range under good practices and management; and

WHEREAS, the Town currently owns the property being utilized by the Parks and Recreation Department as an archery range (“Oro Valley Archery Course”); and

WHEREAS, the Town requires technical, administrative and financial support to further develop the Oro Valley Archery Park and to ensure the safe operation of said facility; and

WHEREAS, the Parties recognize and encourage a continued commitment to provide for public access to recreational shooting; and

WHEREAS, the Commission has authority under A.R.S. §§ 17-231(B)(7) to enter into agreements with other entities for providing technical expertise for the development, operation and maintenance of the Oro Valley Archery Park;

WHEREAS, the Town is authorized to enter into this Agreement pursuant to A.R.S. §§ 11-933 and 11-953;

WHEREAS, this Agreement does not relieve either Party of any obligation or responsibility imposed upon it by law; and

NOW, THEREFORE, the Parties agree to work cooperatively toward the development of the Oro Valley Archery Park as follows:

1. Obligations of the Commission. Pursuant to its authority under A.R.S. § 17-201(A), the Commission shall direct the Arizona Game and Fish Department (“Department”) to:
  - A. Provide the Town “sample” documents and manuals pertaining to range operation, range safety, and business plans and hereby authorizes the Town to modify as appropriate for use at the Oro Valley Archery Park.
  - B. Based on availability of Department personnel, authorize on-site visits to the range facility to observe and critique on-going operations.
  - C. Provide assistance in the design, development, operation, construction, and maintenance of the Oro Valley Archery Park.
  - D. On a temporary basis, as available, provide equipment to be utilized in the construction and operation of the Oro Valley Archery Park.

2. Obligations of the Town. The Town shall:
  - A. Ensure that the Oro Valley Archery Park is open to the public.
  - B. Maintain and be responsible for or to enter into a concessionaire or similar agreement for all the related costs associated with the operation and maintenance of the Oro Valley Archery Park.
3. Termination Generally. Either Party may terminate this Agreement upon thirty (30) days' written notice to the other Party. Upon termination, all work performed pursuant to this Agreement shall cease.
4. Notices. All written notices concerning this Agreement shall be delivered in person or sent by certified mail, return receipt requested, to the Parties as follows:
  - A. For the Commission or the Department:  
Larry D. Voyles, Director  
5000 W Carefree Highway  
Phoenix, Arizona 85086
  - B. For the Town of Oro Valley:  
Attn: Ainsley Anne Legner, CPRP Director  
680 West Calle Concordia  
Oro Valley, Arizona 85704
5. Non-discrimination. In carrying out the terms of this Agreement, and to the extent applicable to the Town, the Parties agree to comply with Executive Order 99-4 prohibiting discrimination in employment, the provisions of which are incorporated herein by reference.
6. Audit. To the extent applicable to the Town, pursuant to A.R.S. § 35-214, all books, accounts, reports, files, electronic data, and other records relating to this Agreement shall be subject at all reasonable times to inspection and audit by the State of Arizona for five (5) years after completion of this Agreement.
7. Effective Date and Duration. This Agreement shall not become effective until signed by all Parties hereto and filed with the Arizona Secretary of State. This Agreement shall terminate on ten (10) years from the effective date.
8. Arbitration. To the extent required pursuant to A.R.S. § 12-1518, the Parties agree to use arbitration to resolve any dispute arising under this Agreement, with each Party to bear its own attorneys' fees and costs.
9. Termination for Conflict of Interest. This Agreement is subject to termination pursuant to A.R.S. § 38-511.
10. Termination for Non-Availability of Funds. Every payment obligation of the Parties under this Agreement is conditioned upon the availability of funds appropriated or allocated for the payment of such obligation. If funds for the continuance of this Agreement are not allocated or are not available, this Agreement shall terminate automatically on the date of expiration of funding. In the event of such termination, the Parties shall incur no further obligation or liability under this Agreement other than for payment of services rendered prior to the expiration of funding.

IN WITNESS WHEREOF, the Parties hereto have executed this Agreement as of the date below:

### Comments:

This range for archery looks well thought out. It looks safe + for sure will be a lot of fun. I absolutely love the idea of having an archery range close to my home. I would use it often, to learn more about archery. My family hunts w/ bows + would greatly appreciate the opportunity to practice close to home. Great job, lets do it.

### Comments:

No Way!  
This takes 1/4 of park land for a small group  
for private use. No supervision of a  
dangerous sport. Signs do not regulate  
people - especially people with weapons! the  
park should be for all o.v. residents touse.  
Scheduled events would effectively close the  
park to private walking, meditation, and  
play. There is no room for 200 cars to  
park at a scheduled event.

### Comments:

This Archery Range is not a good idea at this location & set up as proposed. You have people shooting arrows all along the walking path. The walking path is used quite extensively. Sites # 4 & 5 are where my grandkids & I enter the park all the time. If anyone in my family gets hurt or injured because of the archery sites, I will sue the town big time.

This is a public park, not a business location. This setup is not the safest for the citizens who use this park. If this does pass you need to make sure everyone is a good shot.

### Comments:

T&V needs to look into the reasons why the Forest Service rejected the permit application of this group to use the old archery site east of Catalina Shadows - Reason given by the permit manager:

public safety  
environmental impact

T&V owes the people of OV the same level of concern for public safety as the Forest Service had for the neighbors in Pima County -

### Comments:

PER INFORMATION PROVIDED, ESTIMATE # OF SHOOTERS PER WEEK MIGHT 50-60. TOURNAMENTS MIGHT ATTRACT 220 FOR A DAY OR TWO. THIS NUMBER OF USERS DOES NOT JUSTIFY THE DISRUPTION OF ENVIRONMENTALLY SENSITIVE LAND, VISUAL AND WILDLIFE CRITICAL SPACE. THE USE WILL DISRUPT THE PERMITTED USES - THE ADOPTED USES - IN THE MASTER PLAN. PEOPLE WHO WISH TO USE A DOG PARK WILL NOT BE COMFORTABLE WHILE IN THE VICINITY OF A POTENTIALLY DANGEROUS ACTIVITY. PEOPLE WHO WISH TO USE THE TRAIL FOR PASSIVE WALKING, ENJOYING THE WILDNESS EXPERIENCE, WILL LOSE INTEREST DUE TO THE LOSS OF VISUAL NATURAL VALUE + HABITAT. NOT ALL SHOOTERS ARE AT AN "SERIAL" LEVEL OR EVEN "GOOD" - THEIRS LIMITED CONTROL OVER ACCURACY + QUALIFICATIONS -

Comments may be submitted to Parks Recreation Library & Cultural Resources Staff in person or comments may be mailed to the office at the address below or faxed to (520) 229-5057. ### Comments:

Copper Creek Resident since 1992 (2<sup>nd</sup> house on Ingot Hoop near park area)  
I Voted for park as phase 2.  
Have concerns about archery range:  
1. Targets attractive nuisances bringing young people with various weapons into park.  
2. Target areas unmonitored.  
3. Loss of trail walking areas along trail and decent areas.  
4. Parental concerns over children using areas.  
5. Powerful weapons use in a family area.  
6. Do not want Copper Spring Trail - Ingot Hoop area used for fire parking or any parking for park users.

### Comments:

I think having a archerey park would be so fun! My dad taught me how and I love it! Having a park would be amazing! It would be exiting to walk around and shoot bows. I would practice there as much as I could.

I feel many people will come and have fun. Please make an archerey park, it will teach us about it. Thanks!

### Comments:

Our whole family is very excited about the possibility of an archery range. We all love the sport and have wanted a range close to us. We are here to help support it. I understand there will probably be opposition to the safety matter but with all sports, if you are taught the right way, it can be safe. Please push forward.

Thank you

Tonya Norris-Wife

### Comments:

- need business plan
- need market research on how many people will use
- revenue collected.
- liability issues
- permit issue
- how will permits be policed?
- restrictions

→ better use of land?

→ record on the safety of the exercise

Not for or against but feel like the gentlemen who proposed this have nothing to back up why town should do it.

### Comments:

#### CONCERNS:

- IRRESPONSIBLE INDIVIDUALS USING TARGETS OTHER THAN INTENDED MAY SHOOT OTHER OBJECTS OR MAY USE BB GUNS, ETC
- MAY NOT ENTER AREA THRU PAY STATION, PARK ON NEIGHBORING STREETS TO CIRCUMVENT PAY STATION
- SAFETY OF THOSE USING GROUNDS FOR HIKING, ETC IF SOMEONE GOES OFF TRAIL, DOG GETS OFF LEASH, MAY GET 'SHOT'
- PARK IS TOO SMALL FOR THIS ACTIVITY. BETTER IN LARGER MORE RURAL AREA.
- Is Oro Valley just 'SELLING OUT' AT ANY OFFER? Is THIS TRULY IN THE BEST INTEREST OF THE COMMUNITY?
- Will TAKE AWAY FROM THE WILDLIFE IN THIS AREA. PEOPLE AND WILDLIFE MAY BE 'AFRAID' TO ENJOY THE AREA AS THEY DO NOW.

### Comments:

I am a 15 year high school student and I believe that this archery range is the best idea Oro Valley has had in a long time. I am an archer and this range would allow myself and many others to get out side and active within my own community. Oro Valley has very limited out door functions for middle school and high school students. Student sit inside and this is a reason our obesity and drug and alcohol consumptions have increased within my generation. We need activities to keep us busy and archery is a growing sport. In my middle school we wanted to start an archery club but we had no range close by to go to. People that go to use the range will have to have their own equipment and archery is not a cheap sport you do for a week or two. You do archery as a sport you want to continue →

### Comments:

I fully support the proposal and ask that the town council approve the proposal. This will be a great facility and bring people from all around. I personally will have my family or site on a regular basis. Also think about the support people coming to Oro Valley will lead as they stop to shop & spend their dollars in Oro Valley. If any thing they will be exposed to the town and possibly come back for future visits. This will also be a great youth facility for local clubs to get kids out doors.

Thank you

### Comments:

This plan is very exciting. Providing great outdoor activity in a beautiful setting and also attracting business from everywhere in Pima Co. as well is very appealing.

I really do not see a downside, especially since Oro Valley does not have to tax our citizens for the development & construction of this facility.

I personally am interested in participating in this sport as well as my son.

I will be talking to my neighbors about this plan also and sharing my positive opinions.

Thank you for the presentation!

### Comments:

We are a family of 6 plus 1 daughter-in-law, for a total of 7. We all enjoy archery and all own compound bows. We all are very excited about the possibility of an archery range here in our very own community. We are not only all in support of this proposal, but we will all financially support this with membership as well.

We have lived in OV for 10 yrs and have, unfortunately, been disappointed in how over the years, other great ideas have also been shot down due to folks who have been misinformed about the facts. Please don't let another great idea fall to the wayside!

**We Support This!**

### Comments:

I think if Oro Valley puts in a archery park that people will learn more about archery and they will talk to others about it and they will want to do. Then you'll get alot of money. I will tell others and they will probably get the courage to go out to tell others. It is very nice to know that we can do somewhere and shoot bows. People will have many adventures out in your area. You will get many visitors and they will probably come back. Please put a archery park in. I really want to learn more about it besides you shoot a bow at a target. Please accept my compliment letter. I really would like for you to put one in. Thank you for letting me write about

### Comments:

I walk through the park 4-5 days a week.  
I am opposed to the proposed archery park:  
1) Arrows are weapons — weapon should not  
be in parks  
2) It takes up too much of the park  
3) I don't believe it is the best use  
of a public park for the general public

**Comments:** ARCHERY PARK  
Our family enjoys archery as it gives my husband a chance to go to the outdoors & spend time with our children. What a unique and special asset to add to our community. It seems like a perfect (low cost) option to provide families an opportunity to get outside and away from technology.  
Please consider providing the Archery Park for Oro Valley.

### Comments:

I think this is a wonderful idea. I would like to see this happen. I like the idea of having different options or activities for our families to do - Archery is a good sport to learn & do. This would open up to conduct tournaments. It would bring in money.

Regarding the proposed archery facility at Naranja Park

After attending the Open House at Oro Valley Town Hall on August 18 regarding the proposed archery facility at Naranja Park, I feel very strongly that the community will benefit a great deal as those who come to use this facility will also be dining, shopping and there will be some staying overnight at local hotels and resorts.

Youths in the area will benefit from archery-related programs like JOAD (Junior Olympic Archery Development) and NASP (National Archery in Schools Program) as well as allowing them to learn to shoot in a safe and controlled atmosphere. Archery is a wonderful way to provide kids with the experience of competition and mental development.

Archers are always looking for places to practice and compete. Both the fixed range and field courses are badly needed in our area.

Finally, another benefit to Oro Valley is the exposure of such an active and growing community to people who haven't visited the city. With the variety of sports venues, art exhibits, restaurants and community events, people are bound to be impressed and visit often.

Regarding the proposed archery facility at Naranja Park

Arizona is home to many world-class archers in all facets of the sport from Olympians to 3D Champions and bowhunters. Archers are always looking for places to practice and compete. Both the field courses and fixed range are sorely needed in this area.

Youth in the area are also looking for archery programs. Programs like NASP (National Archery in Schools Program) and JOAD (Junior Olympic Archery Development) provide young people opportunities to learn how to shoot in a safe, controlled atmosphere. This sport is a wonderful way to provide kids with the experience of competition and mental development.

I strongly feel that this facility could be a huge benefit to the community as well. People will come to the facility to shoot and will also be dining, shopping and spending nights in local hotels and resorts.

Finally, another benefit to Oro Valley is the exposure of such an active and growing community to people who haven't visited the city. With the variety of sports venues, art exhibits, restaurants and community events, people are bound to be impressed and visit often.

I am glad to hear that Oro Valley is considering an Archery Facility for the undeveloped Naranja Park.

I'm a Phoenix resident. I not only attend archery tournaments in the Phoenix area, I also travel around the state to attend archery tournaments; there really aren't that many archery tournaments available in AZ.

I typically attend 2 – 3 archery tournaments in Tucson each year, and I am certain that I will attend archery tournaments at Naranja Park if/when they become available.

Please support the building of an Archery Facility at Naranja Park.

Sincerely,

John Heff

Re: Archery Facility, West Naranja Drive and North Musette Drive

On behalf of the Arizona State Archery Association [www.azarchery.com](http://www.azarchery.com) we would like to energetically endorse and support the development of the proposed Oro Valley archery field and courses. We believe that it is essential to provide nearby facilities for the public to enjoy a wide variety of activities for all ages such as target archery.

We understand that many that are unaware of what target archery is, and as a result, are hesitant to support it.

Here is some information helps to explain who target archers are and what we do.

- **Safety:** Safety is the number one focus of target archery. The Archery Trade Association has researched and published safety findings in the in the Insight publication V3/07 <http://www.archerytrade.org/images/documents/archerysafetyinsight.pdf> The research shows that archery is 10, 20 and even 30 time safer than sports like football, baseball, soccer and softball. Archery enjoys a safe record because of the structured safety education promoted by associations, clubs the National Archery In the Schools Program (NASP) and parents.
- **Park:** Today target archery is considered a park activity not primarily as a shooting sport. Recreational archery is peaceful, quiet and calm. Moms and dads bring their children to park archery for exercise and fun. Field courses can be described as a combination of a waterless golf course and hiking trails. Today archery fields are few and far between. Many must drive long distances for their archery. Community based archery parks allow residents to walk, bike or take a short drive to an archery park.
- **Youth Sport:** Youths are the focus of the future of archery. Archery is unique because of the need for both discipline and fitness. Many parents and children are attracted to archery because of the extra dimension of the mental determination beyond simply being quick or strong. NASP has certainly contributed to community members recognizing archery as a worthwhile activity. Archery brings youth outdoors whom might otherwise not take part in an outdoor sport.
- **Growth:** USA Archery, the US Olympic Committee sanctioned national governing body for Olympic and International competitive archery has researched the sports demographics and has found some interesting facts. The two groups age groups with the most target archery growth

are Masters age 50 and over and youth ages 12 to 16. The research indicated that the sport has been "neglected" in the 80s and early 90s and is on an upswing where more facilities, programs and equipment are in demand. The Masters class growth has been identified as a key source of archery teachers and mentors to run programs, instruct and teach.

- Sustainability: Archery in the southwest is unique as courses tend to be crush rock covered and require no irrigation or other utilities and no mowing or significant maintenance. Archery spaces are low cost to develop and maintain.
- Arizonans: Arizona has a sound archery legacy. Many youth, collegiate and world championship have benefited from Arizona archery support. Two major archery businesses are headquartered in Arizona (PSE and AAE). Top archers, coaches and leadership continue to live and work in Arizona. Arizona hosts the largest international tournament in the Americas, USA Archery Youth Camps and makes a variety of other top archery contributions. The Paseo Vista Archery facility in Chandler is an excellent example of a facility that is well used and serves a wide variety of "customers".

Lastly, the Arizona State Archery Association membership is eager to help with any design and operation input having helped to plan archery facilities around the country as volunteers and professionally. Many ASAA members work with Easton Foundations, ATA, AZGFD, PSE, AAE as well as continental and international associations. Please feel free to contact us with any questions or comments.

### Comments:

I participate in AZSFD program called Hunter Heritage. It's goal is to get youth & families outside to hunt & fish. Having a facility close by would enhance youth to get outside. Archery is a safe family program - again, this practice area would help get youth/families outside.

One of the major reasons my wife & I moved to Oro Valley four years ago was so I could hunt. Archery hunting requires practice. This archery practice facility being close by my house would be very help ful.

I would hope this archery practice facility would be approved

### Comments:

THE ARCHERY RANCH IS A GREAT IDEA FOR BOTH OV RESIDENTS AND NEIGHBORING AREA. IT WILL ENHANCE OV BY PROVIDING A COMMON MEETING AREA FOR ARCHERY FAMILIES AND FRIENDS AND SHOULD BRING BUSINESS TO THE AREA THAT WOULD NOT OTHERWISE COME. PLEASE CONSIDER APPROVING THIS IMPORTANT MEASURE FOR NANGARAJA PARK.

Sincerely

### Comments:

I AM IN FAVOR OF ESTABLISHING AN ARCHERY RANGE AT THE OV TOWN PARK AT NARANJA. I LIKE THE FACT THAT LITTLE OR NO ADDITIONAL TAXES WILL BE REQUIRES FROM O.V. RESIDENTS.

I HAVE SPOKEN WITH SEVERAL LOCAL RESIDENTS WHO TOO ARE IN FAVOR OF THE RANGE. I LIKE THEM ARE INTERESTED IN "GETTING BACK" TO THE GREAT SPORT OF ARCHERY AFTER YEARS OF NOT PARTICIPATING.

I AM READY TO BUY MY EQUIPMENT AND TO GET OUT ON THE RANGE.

### Comments:

I am an archer and I live in Oro Valley. I would really like a place on this side of town to shoot my bow. This range would help Oro Valley make money because it would attract people to come here and use the range. While they are here they will spend money in local businesses. Archery is a safe sport - over twice as safe as golf. I would really like a place to shoot my bow in Oro Valley.

### Comments:

Jerry Perry stated "Navajo Park is just an old gravel pit"

This is not true. West of the entrance road is the most intact desert landscape in TOV. The group proposes to disturb this area.

NO support of Proving the safety/risk factor aspects of this scheme has been presented. NFS/Catalina district turned down permit applications twice for BSE backed attempts to put in archery activity on Pusch Wilderness land.

### Comments:

#1 Concern - Safety - almost everything presented was a range / not a course - in speaking w/ neighbors their concern was not range - (was the course)

#2 Concern - Lack of interest in getting the word out.  
- nothing in paper / explores  
- card only sent to near neighbors  
- 1/2 people I spoke with didn't get a card

#3 Why put it on part of park with most hikers / dog walkers / joggers - why not in back of park.

### Comments:

EXCELANT IDEA & PLAN & USE OF THE LAND. KUDOS TO THE GROUP OF PEOPLE WHO PUT THIS PLAN TOGETHER. JUST ANOTHER REASON WHY WE LOVE TO LIVE IN ORO VALLEY. MY WIFE, KIDS & FRIENDS CANNOT WAIT FOR THIS ARCHERY RANGE TO BE APPROVED & BUILT SO WE CAN GO THERE FOR SAFE FUN, EXCERSIZE, ARCHERY SHOOTING & PRACTICE. I BACK THIS PLAN 100% AND HOPE IT GETS APPROVED & BUILT VERY SOON SO WE CAN START USING IT.

### Comments:

Archery is a great family activity that motivates my kids (4) to get outside and get away from the TV. It is an activity that my 3 year old, 6 year old, 10 year old, & 12 year old all enjoy and because of equipment, can all participate.

As a citizen of OV, I would purchase yearly passes for all of my family. I know many others who would do the same.

Additionally, archery tournaments may offer more funds to OV. Specifically during the winter months. Archers from AZ and other states would bring \$\$ to local hotels, restaurants, etc if OV would hold an event.

In 7 years of living here, this is the most excited my family has ever been about any civic program. Please move forward with this proposal.

Comments may be submitted to Parks Recreation Library & Cultural Resources Staff in person or comments may be mailed to the office at the address below or faxed to (520) 229-5075. ### Comments:

Archery is a great sport & discipline to learn & enjoy. Archery is for all ages & walks of life. I am an citizen of Oro Valley & I fully support archery in our community. I would welcome a safe place for people to practice archery in Oro Valley, I think the Naranja site would be a perfect fit. I believe an organized archery range would draw people & money to our community. I believe an archery range would benefit our community by bringing people together, getting our youth outdoors, bringing a sense of pride. I have been practicing the art of archery for some 30 years & it has brought so much enjoyment to my life. Please approve the archery range at Naranja Park.

Comments may be submitted to Parks Recreation Library & Cultural Resources Staff in person or comments may be mailed to the office at the address below or faxed to (520) 229-5075. Thanks,  
Mark D. Sipe

1. The majority of the beneficiaries of this project will not be Oro Valley residents; as many of the participants will come here throughout Southern Arizona. Parenthetically the association has expressed there are no other good outdoor venues for this activity in southern Arizona.
2. The Oro Valley City Council's primary concern should be to facilitate the highest and best use of city land development. This project I believe will not increase property values for any of the adjoining communities. Other projects such as playground, health/fitness courses or multiuse sports areas "soccer, baseball" would.
3. This project regardless of the claim of safety is essentially centered on a weapons related sport. I believe this increases the potential liability to our city government and the safety of our citizens.

Additionally I am very concerned about the size of this project; it encompasses much of the park.

As it is used now, this park it is enjoyed by walkers, runners and people who just want to sit on the benches and enjoy the views. I am concerned about protection of the wildlife, pets, walkers and runners.

If city dollars are to be spent on this archery course shouldn't these dollars be spent instead in the improvement of trails so that it is available to all citizens of the community?

This park should be for all the residents of Oro Valley and not an exclusive few.

I am opposed to the Archery Course.

### Comments:

The presentation given tonight is nothing like what is being proposed. The sites shown tonight are in parks that are manned @ all hours. Naranja Park is not. Who is going to pick up the cost of the insurance? Is that really something this town can afford? What about maintenance? What happens when a child walking through the park gets shot? Who pays the ultimate price?

The proposed sites are on the map are not a stationary point that can be controlled as shown in the presentation.

Does the whole town have to pay the price for a few individuals wants? Why don't these individuals use private land or Federal?

### Comments:

I AM IN FAVOR OF THE ARCHERY RANGE. I BELIEVE THAT IT IS A CLEAR, SAFE FORM OF RECREATION. I AM AN ARCHER AND HAVE USED ARCHERY EQUIPMENT FOR 50 YEARS. ~~SOME~~ SOME PEOPLE THAT I HAVE TALKED TO ARE AFRAID THAT ARROWS WILL HURT SOME ONE. PLEASE DO A GOOGLE SEARCH ON ACCIDENTS WITH ARCHERY. YOU WILL FIND MANY SPORTS ARE MORE DANGEROUS.

THIS WILL BE A GREAT THING FOR THIS AREA.

### Comments:

- ① This course seems to be much closer to houses than courses in the presentation.
- ② Not clear in presentation or writing how much the vegetation & topography in the park will need to be altered.
- ③ Where will the parking & hygiene facilities be located?
- ④ If having a large regional/National/International event who will provide security for the surrounding neighborhoods?
- ⑤ Most importantly will the range/course area be multi-use, i.e. can you walk/bike thru the course/range area?
- ⑥ Although generally archery has a safe record - would it not be prudent to have some kind of supervision until it is demonstrated that this facility has a safe record.?

### Comments:

I am opposed to the archery course.  
I believe that bringing a weapon into a  
public park is a horrible idea. Its a risk  
to anyone that uses the park AND  
wildlife that lives in the park. I believe it  
leaves the city at risk for lawsuits if  
it approves this park.  
As the park is now it is used by the  
neighbors that live around it. People walk  
through it, walk their dogs, run through  
the park AND stop to enjoy the beautiful  
views. It is full of wild life.  
Please do not approve this project.  
This is not the best use of the park AND  
to exclude people in the neighborhood so that  
any specialized group can take it for their  
own use is wrong.  
Karen Petersen

to whom it may concern,

Hello, my name is David and i currently live in NM. i will be living and working in Phoenix in a few months and it has come to my attention that there is a proposal for a couple archery courses in Oro Valley. Since i am an Archer i think its a great idea and what a great way to get the youth involved in Archery. We have a couple 3d ranges not far from where i live in the Albuquerque area and the kids that show up on the weekends with their families absolutely love it. Archery has been around since viturally the beginning of time. i sincerely hope that you all will follow thru with this and help preserve the future of Archery.

Sincerely, David Blair

I'd like to voice my support of the proposed archery park in Oro Valley. I think it would be a welcomed and valuable asset for the Town.

Jess Haymore

## IS ARCHERY A SAFE SPORT? YES!

### WHAT RESEARCH REVEALS ABOUT THE SAFETY OF ARCHERY

Archery has been part of countless physical education introductory programs in schools, summer camps, Scouts, 4-H Clubs and community recreational programs, to name a few. Throughout its long history in recreational sports, archery ranks as one of the safest activities offered in any organized group setting. Especially impressive is the fact that archery maintains a consistently high safety record despite the fact that participants range from grade-school children to senior citizens, many of whom have never before picked up a bow and arrow.

Archery has become increasingly popular in recent years as schools and recreational programs strive to find activities that appeal to families, both genders, and all age groups in a variety of group settings. Educators, group leaders and recreation instructors find archery is safe and easily learned. Beginners become proficient with minimal assistance, and they improve their skills quickly with practice.

As more administrators at schools, camps, clubs and recreational programs consider adding an archery program, safety questions often arise. This report addresses those concerns, and also compares archery's safety record with the safety record of many recreational activities that regularly draw more experienced participants.

*"We implemented archery in schools across Kentucky in 2002, and because we emphasized safety with our students, conducted training for all teachers, and adhered to standard procedures, we have had a remarkable safety record. Vigilant school districts are always concerned about liability issues, especially with sports and recreational activities, and archery consistently proves itself one of the safest sports taught in our public schools' physical education programs."*

**Commissioner Gene Wilhoit**  
Kentucky Department of Education

## SPORTS PARTICIPATION AND INJURY RATES

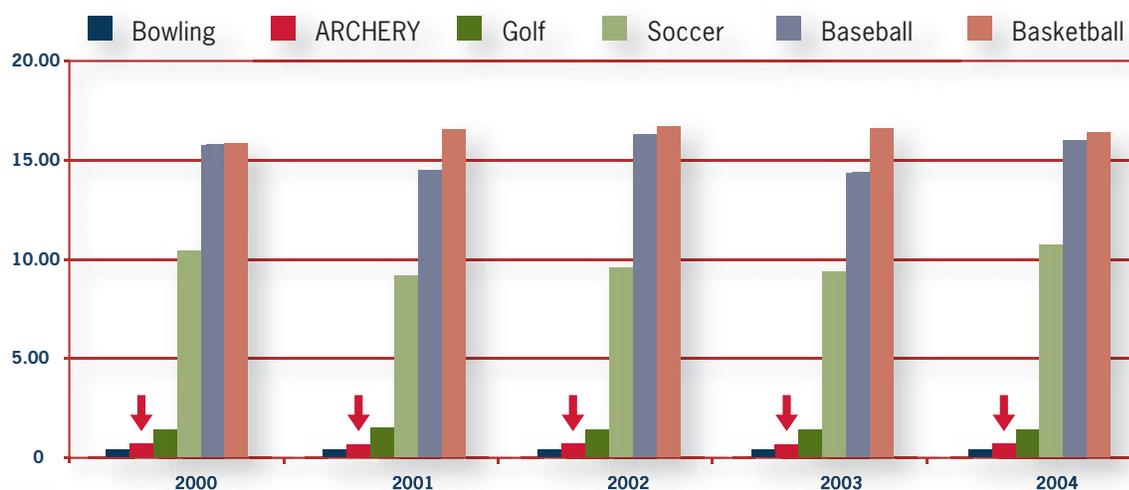

### COMPARISON OF SPORTS PARTICIPATION AND INJURY RATES

The U.S. Consumer Product Safety Commission (CPSC) operates the National Electronic Injury Surveillance System (NEISS)<sup>1</sup>, which is a database used to track hospital injuries for more than 15,000 kinds of consumer products used in sports and recreational activities in and around homes and schools. Data from the NEISS are a critical resource for consumer groups, manufacturing and industry organizations, the media, educators, researchers and attorneys. The data are also used by the Centers for Disease Control and Prevention which is one of the 13 major operating components of the Department of Health and Human Services, the principal agency in the United States government for protecting the health and safety of Americans. Organizations like the National Safety Council, a nonprofit, nongovernmental, international service organization also use the data from NEISS to compile its annual Injury Facts publication<sup>2</sup>.

We queried the NEISS database to determine the safety of archery compared to other sports. We compared this information to the data on participation obtained from Sporting Goods Manufacturers Association (SGMA)<sup>3</sup>, a global trade association of manufacturers, retailers and marketers in the sports products industry. The SGMA provides estimates of the number of participants in a number of sports and recreational activities, including archery, through an annual survey conducted for them by American Sports Data, Inc. Since SGMA only tracks participation for ages 6 and above, we queried the NEISS database for safety data for several sports beginning at age 6.

These data indicate that archery is one of the safest sports, with an injury rate of less than one incident per 1,000 participants, in 2004 (Table 1). Recreational activities like golf and fishing have an injury rate of up to 1.5 to 2 times the rate for archery (Figure 1). Common sports like soccer, baseball and basketball have injury rates 15 to 25 times that of archery (Figure 1). Because the National Safety Council cautions about calculating injury rates from these data, we presented the raw injury and participation numbers in the Sports Participation and Injury Table (Table 1) so you can judge for yourself.

**Figure 1.** Injury rates per 1000 participants in youth sports from 2000 through 2004.

## SPORTS PARTICIPATION AND INJURY RATES

*“Archery is probably the safest thing we’ve done in our phys-ed classes. Not one person has been sent to the office for an injury. For most activities, we send down at least one student a day for a turned ankle, jammed finger or an elbow to the face. With archery, no one has ever been hurt. When you’re playing football or basketball, and dealing with large and small kids or eighth-graders playing with sixth-graders, kids get hurt when running over each other. Archery is an individual sport, so you don’t worry about someone’s aggressive behavior.”*

**Joey Chilton, Wellness Instructor**  
East Hickman Middle School, Lyles, Tennessee

**Table 1.** Injury data for participants in youth sports in 2004.

	Actual Number of Cases <sup>a</sup>	Estimated Number of Cases <sup>b</sup>	Estimated Number of Participants <sup>c</sup>	Injury Rate per 1000 Participants <sup>d</sup>
Football	11,863	393,088	16,436,000	23.92
Basketball	15,963	557,815	34,223,000	16.30
Baseball	4,050	154,873	9,694,000	15.98
Wrestling	837	32,691	2,303,000	14.19
Soccer	4,819	171,276	15,900,000	10.77
Ice Hockey	548	20,211	1,998,000	10.12
Softball	2,634	112,656	16,324,000	6.90
Cheerleading	763	28,107	4,131,000	6.80
Gymnastics	967	30,820	5,273,000	5.84
Horseback Riding	1,670	74,842	14,695,000	5.09
Volleyball	1,350	55,824	22,216,000	2.51
Inline Skating	991	37,284	17,348,000	2.15
Ice Skating	570	19,589	14,692,000	1.33
Golf	770	33,100	25,723,000	1.29
Fishing	1,164	60,977	47,906,000	1.27
Tennis	508	21,219	18,346,000	1.16
<b>ARCHERY</b>	<b>82</b>	<b>4,373</b>	<b>6,756,000</b>	<b>0.65</b>
Bowling	382	16,405	53,603,000	0.31
Badminton	42	1,843	6,432,000	0.29
Table Tennis	37	1,347	14,286,000	0.09

<sup>a</sup> These data are from the National Electronic Injury Surveillance System and represent the hospitals which actually record the information.

<sup>b</sup> These data are from National Electronic Injury Surveillance System and represent estimated nationwide injuries based on samples.

<sup>c</sup> These data are from the Sporting Good Manufacturers Association International for ages 6 and older who have participated at least once per year.

<sup>d</sup> This rate was calculated by dividing the number of estimated cases by the number of participants and multiplied by 1000. The National Safety Council discourages this calculation because the frequency and duration of participation of each sport is not known.

# INSURANCE INDUSTRY SAFETY RATINGS

## SAFETY RATINGS FROM THE INSURANCE INDUSTRY

The safe record of archery is also recognized by the insurance industry. Based on evidence from injury reports, the standard general liability coverage maintained by most organizations has been determined sufficient for archery. In these situations, no additional policy amendments are needed when adding an archery program.

Insurance broker Francis L. Dean & Associates<sup>4</sup> rates archery in the same class as badminton, bowling, cross country, fencing, golf, handball, rowing, tennis and track when calculating policy premiums. Among the sports that require the highest insurance premiums for coverage by Francis L. Dean & Associates are basketball, cheerleading and volleyball.

### Archery Shooting Procedure

Beginning archers are taught to respond to whistle commands, much like other sporting activities. Participants are trained to move between stages in shooting by one, two or three whistle commands. In most situations, participants are placed into small groups to share equipment and so each individual can enjoy shooting safely.

Because of the highly organized and sequential nature of archery, the participants are never running, jumping, engaging in physical contact or trying to coordinate their physical activities as a team. Individuals, regardless of physical capabilities, sex, and age all participate on the same playing field and all respond to the same commands.

Archery teachers/instructors should be certified. For information on certification go to [www.archerysearch.com](http://www.archerysearch.com) or call 866-266-2776. Certification programs are scheduled to be sure every instructor is prepared to teach archery in schools, camps, recreation programs and other organization or group activities.

### The progression in archery is to:

1

Start at the waiting line.

4

Each step of the shooting sequence is triggered by a command from the instructor.

2

Proceed upon hearing two whistles to the shooting line.

5

When each archer has shot their arrows and the range is clear, three whistles allow the archers to set their equipment aside.

3

One whistle is blown to indicate that shooting can begin in a sequence of steps.

6

After three whistles, the archers proceed to the target line, and score their arrows.

*"The archery training our teachers received was so complete and well done that they were confident in their ability to teach it to students. Much of that's because of the emphasis on safety. Each student can be easily monitored to determine their effort, skills, technique and safe conduct. Teachers can address each student and provide individual feedback. The safety whistle codes make sense to students, and the good equipment and standardized training encourage safe participation."*

**Julia Jilek, Administrator**

White Bear Lake Learning Center, White Bear Lake, Minnesota

## INSURANCE INDUSTRY SAFETY RATINGS

Sportscover<sup>5</sup>, an international insurance company that specializes in coverage for sporting activities, has developed a youth injury calculator that factors in age, sex, and fitness level for many sports. This calculator uses participation and injury data to estimate the potential probability of injury for individuals in specified age, sex and fitness categories. Sportscover is one of the world's leading sports insurance underwriters with over one million active sporting clients including players, administrators, coaches and officials.

For all ages, both sexes and for both unfit and fit participants, only fishing had fewer injuries than archery when analyzing 14 sporting activities (Table 2). The injury rates estimated for girls were about 80 percent of the rates for boys for all sports and across all age groupings. In addition, injury rates for unfit participants were about twice the injury rates for fit participants. Injury rates for archery averaged 5 to 20 times lower than for all other sporting activities including badminton, tennis, soccer and golf.

**Table 2.** Sportscover's estimates on how likely you are to be injured within a 12 month period. The values shown are for unfit individuals. Youths rated as fit are injured half as often as unfit participants and that trend holds for all ages and sports.

	Unfit					
	0-10 Years Old		11-16 Years Old		17-20 Years Old	
	Female	Male	Female	Male	Female	Male
Ice Hockey	85.95	99.00	96.70	99.00	99.00	99.00
Football	64.19	80.20	72.22	90.30	80.24	99.00
Baseball	32.64	40.80	36.72	45.90	40.80	51.00
Golf	28.29	35.36	31.82	39.78	35.36	44.20
Inline Skating	21.76	27.20	24.48	30.60	27.20	34.00
Soccer	21.76	27.20	24.48	30.60	27.20	34.00
Tennis	19.58	24.48	22.03	27.54	24.48	30.60
Softball	18.49	23.10	20.81	26.00	23.12	28.90
Volleyball	17.41	21.80	19.58	24.50	21.76	27.20
Basketball	16.32	20.40	18.36	23.00	20.40	25.50
Badminton	13.06	16.32	14.69	18.36	16.32	20.40
ARCHERY	4.35	5.44	4.90	6.12	5.44	6.80

*"Every kid learns something in archery, because those who dominate everyday physical education activities do not always dominate archery. Other kids get to feel what it's like to be the best at something, to feel like a superstar. It also teaches them about safety, and how unsafe habits can cause injury to them or to those around them. When this idea was first pitched to me I was a big skeptic. But after doing it for a year and taking a group to a contest, I'm a big fan."*

**Drew Heuertz, PE/Health Teacher**

East Jessamine Middle School, Nicholasville, Kentucky

# SPORTS INJURIES FOR SENIOR CITIZENS

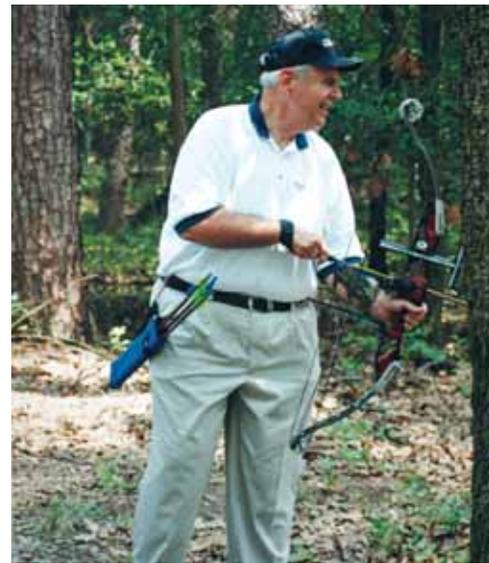

## SPORTS INJURIES FOR SENIOR CITIZENS

Archery's safety record also stands out when analyzing sports-related injuries of senior citizens. In 1996, the U.S. Consumer Product Safety Commission<sup>6</sup> released a report on sports-related injuries for people ages 65 and older. The report lists the 13 sports and activities with the highest number of reported injuries, and **archery did not make the list.**

**Table 3.** Estimated sports-related injuries to persons 65 years or older for 1996. The list includes sports with 500 or more reported cases. **NOTE: ARCHERY WAS NOT LISTED.**

Bicycling	11,002
Exercise Activity/Weightlifting	8,197
Golf & Golf Carts	8,127
Snow Skiing	5,432
Fishing	5,268
Tennis	2,818
Swimming/Diving	2,623
Bowling	2,326
Skating	1,460
Baseball/Softball	1,364
All Terrain Vehicles	818
Horseback Riding	731
Basketball	532
<b>TOTAL<sup>a</sup></b>	<b>53,003</b>

<sup>a</sup> The total includes all sports for which injuries were reported, including those with less than 500 cases (which were not included in the list).

*"Target archery is one of the safest sports for kids because the discipline involved teaches participants to be safe while having fun. My international experience with Olympic youth development programs has convinced me that certifying instructors – just like any other major recreational sport – is the key to everyone enjoying an archery shooting experience. We were so impressed with the discipline and responsibility taught as a part of archery that my entire family has been involved in the Chicagoland Junior Olympic Program for many years."*

**Mark Miller, Past President**

USA Archery/International Archery Junior Development Chair, Naperville, Illinois

*"Once people see how our archery class is conducted, they see it's very safe. Unlike most sports, archery offers a controlled environment. In comparison, when you put a ball in the air and get kids running, jumping and spinning around, almost anything can happen. You expect injuries, whether it's turned ankles, twisted knees or torn ligaments. It doesn't matter if you're talking about softball, badminton, football or basketball. Archery allows us to teach kids a safe, lifetime skill they can practice almost anywhere."*

**Dave Bagley, School Superintendent**

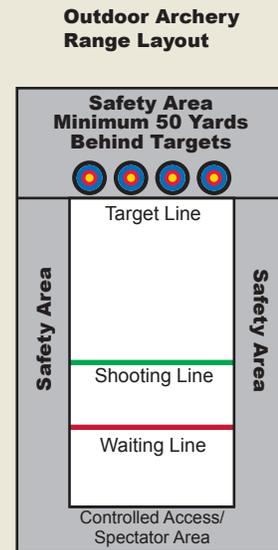

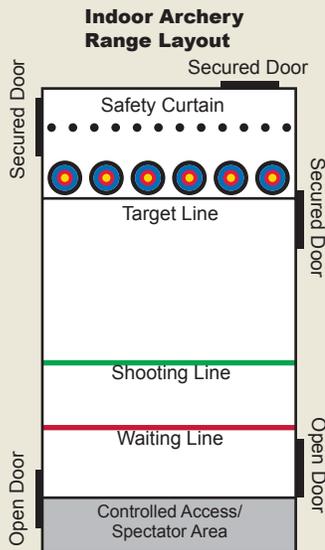

Antwerp Schools, Paulding County, Ohio

# ARCHERY RANGE LAYOUT

## Archery Range Layout

Archery is safe because, as a shooting sport, the field of play – or range – is designed with safety in mind.

- For indoor ranges, arrow safety curtains are hung no further than 3 feet behind the archery targets across the full length of the target line. No one is allowed behind the safety curtain while shooting is in progress. All doors in the general shooting area are closed and warning signs are posted outside the doors where archery practice is in progress. Doors behind the target line are locked or temporary barriers are used as a warning signal.
- For outdoor ranges, all shooting occurs away from any area where people might be. Signs and safety tape lines are used to keep people at a safe distance from the archers.
- A shooting line is established at least 10 to 20 feet in front of the targets. On outdoor ranges, archers may be as much as 15 to 20 yards in front of the targets. Archers are spaced about 6 feet apart on a shooting line when they are shooting.
- A waiting line is used for those archers waiting their turn to shoot. The waiting line is at least 10 feet behind the shooting line. The waiting line is usually where the equipment is held or set in safe, non-shooting positions. All archers stand along and behind this line while not shooting.
- A target line is set 3 feet from the front of the targets and is the distance from which archers score their arrows.

*“The greatest safety consideration is setting up a safe range. By dividing the space into ‘shooting’ and ‘non-shooting’ areas, only instructors and student-archers get close to the firing line. No one can wander close to the shooters to distract them and create a potential safety problem. We make sure all entrances and exits behind the shooting line are closed and secured.”*

**Schlyer Jones, Public Relations Coordinator**  
Board of Education, McCreary County, Ohio

# HOW TO START A SAFE ARCHERY PROGRAM

## HOW TO START A SAFE ARCHERY PROGRAM

For information about archery programs, go to **ARCHERYSEARCH.COM**

ArcherySearch.com will help you:

- locate your closest retailer
- locate the local range
- locate the closest club
- find the nearest certified instructor

ArcherySearch.com will also link you to information that will guide you through starting an archery program or help you become a certified instructor.

PO Box 258  
Comfrey, MN 56019  
(866) 266-2776  
www.arrowsport.org

*"I have been involved in youth archery programs since 1973 and have never had nor heard of any serious archery accident or injury. The most serious incidents we have had are string burns from kids who did not use arm guards or where an instructor simply failed to watch a new shooter closely. Where good, qualified adults are mixed with motivated kids who are willing and desiring to learn under sound standards of safety and range protocol, archery is extremely safe."*

## **FIXED ARCHERY COURSE SAFETY RULES**

- **All archery course users are responsible for safety and safe shooting.**
- **Field tips only. No broadhead shooting permitted.**
- **Shooters are responsible for immediately correcting any unsafe conditions.**
- **Shooting is permitted ONLY when:**
  - **all persons are behind the waiting line;**
  - **safe shooting conditions exist, and**
  - **the all-clear signal is given for archers to approach the shooting line.**
- **No running is allowed on the range.**
- **All shooting is to be into bales and safe backstops only.**
- **No shooting at unauthorized targets (cans, cactus, etc.)**
- **Keep your arrows in the quivers until you are given the signal to shoot.**
- **Deposit all trash in containers and cigarette butts in appropriate receptacles.**
- **Respect other shooters, their equipment, and other park users.**
- **Alcohol is PROHIBITED in Naranja Park.**

**To schedule this COURSE for an event, please contact Oro Valley Parks and Recreation at 520-229-5050.**

**\***

# WALK-AROUND ARCHERY COURSE SAFETY RULES & PROCEDURES

## RULES

- All course users are responsible for range safety and safe shooting.
- All course users are responsible for immediately correcting any unsafe conditions.
- No shooting until the previous group is clear of the target backstop.
- No running is allowed on any course.
- Shooting is to be done into approved target butts only.
- No shooting at unauthorized targets (cans, cactus, etc.)
- This facility is provided as a community benefit. Respect the environment, the natural setting and all users of the park.

## PROCEDURES

- Handle equipment in a safe manner, with arrows always pointed towards to the target or in their quiver.
- Aim at the target and draw your bow – no sky drawing.
- Keep arrows in quivers until you are given the signal to shoot. Arrows may only be nocked on the shooting line.
- Secure loose clothing. Remove loose items: Jewelry, strings, cords, etc.
- Respect others and their equipment.
- Only use field or target points. No broadheads unless in an approved target butt.

To schedule this range for an event, please contact Oro Valley Parks and Recreation at 520-229-5050.

**Town Council Regular Session**

**Item # 3.**

**Meeting Date:** 01/04/2012

**Requested by:** Mayor Hiremath & Councilmember  
Solomon

**Submitted By:**

Julie Bower, Town Clerk's  
Office

**Department:** Town Clerk's Office

---

**Information**

**SUBJECT:**

PUBLIC HEARING - ORDINANCE NO. (O)12-01 AMENDING SECTION 3-2-2 OF THE TOWN CODE CHANGING REQUIREMENT FROM SYNOPSIS MINUTES TO ACTION MINUTES AND RESOLUTION NO. (R)12-04 AMENDING SECTION 4.8 OF THE TOWN COUNCIL PARLIAMENTARY RULES AND PROCEDURES REGARDING A CHANGE TO ACTION MINUTES

**RECOMMENDATION:**

Changing from synopsis or summary minutes to action minutes would drastically reduce the staff time required to transcribe minutes, not only in the Clerk's Office but in every department that produces the various board and commission minutes. With the utilization of video and audio technology, local governments have recognized the opportunity to modify the type of minutes while still maintaining a comprehensive public record of the meetings. The video and audio recordings are archived on the Town's website and there is currently no limit on the number of years that can be archived. Since the Town invests staff and capital resources into the video production for Council meetings and audio for boards and commissions and the recordings may be accessed by the public on the Town's website, staff recommends approval of the proposed change from synopsis minutes to action minutes.

**EXECUTIVE SUMMARY:**

Mayor Hiremath and Councilmember Solomon have inquired about changing from synopsis minutes to action minutes for Town Council meetings as well as board and commission meetings. Currently, Section 3-2-2 of the Town Code requires:

D. Synopsis Minutes. The Town Clerk shall prepare or cause to be prepared all minutes of Council proceedings and ensure their correctness and accuracy.

and Section 4.8 of the Town Council Parliamentary Rules and Procedures states:

B) Written Synopsis Minutes instead of Verbatim Minutes shall be taken so that a brief accounting of the issues discussed and actions taken is compiled and entered into the permanent Minute Book of the Town and kept on file in the Office of the Town Clerk. Open meetings may be recorded by means of audio or video technology, which will be retained for a period of time in accordance with current Town policy.

## **BACKGROUND OR DETAILED INFORMATION:**

There are three types of minutes: detailed (verbatim), summary or synopsis (anecdotal) and action. Minute-taking itself is an art and good minutes require a lot of skill, thought, command of the English language, and practice. The more "detail" included in the minutes, the more skill is required of the minute taker.

Synopsis minutes are currently being produced for Council meetings and board and commission meetings. Minutes are costly to produce in terms of staff time. The more detail included and the complexity of the issue exponentially increases the time cost.

The total number of hours currently spent to produce synopsis minutes of Council meetings is approximately 350 hours per year and for synopsis minutes of board and commission minutes, approximately 1,050 hours per year.

In contrast, the total number of hours required to produce action minutes of Council meetings would be approximately 50 hours per year and to produce action minutes for board and commission minutes, approximately 160 hours per year. That is a combined savings of 1,190 staff hours per year.

The video recordings of Council meetings and audio of board and commission meetings are available for the public to access on the Town's website and there is currently no limit on the number of years that can be archived.

As required by Arizona Revised Statute 38-431.01, the action minutes would contain the following information:

- Date, time and place of a meeting
- Councilmembers present or absent
- A general description of the matters considered
- A description of all legal actions proposed, discussed or taken, and the names of the Councilmembers who proposed each
- The names of persons making statements or presenting material and the item to which their comments relate

## **FISCAL IMPACT:**

Nearly 1,200 staff hours per year would be saved if action minutes were produced instead of synopsis minutes. The staff hours saved could be used for other duties that existing staff has absorbed due to reductions in force.

## **SUGGESTED MOTION:**

I MOVE to (adopt/deny) Ordinance No. (O)12-01 amending Section 3-2-2(D) of the Town Code as follows:

Action Minutes. The Town Clerk shall prepare or cause to be prepared all minutes of Council proceedings and ensure their correctness and accuracy.

and to (adopt/deny) Resolution No. (R)12-04 amending Section 4.8(B) of Council's Parliamentary Rules and Procedures as follows:

Written Action Minutes shall be taken so that a brief accounting of the issues discussed and actions taken is compiled and entered into the permanent Minute Book of the Town and kept on file in the Office of the Town Clerk. Open meetings may be recorded by means of audio or video technology, which will be retained for a period of time in accordance with current Town policy.

(O)12-01 Synopsis to Action Minutes

(R)12-04 Amending Section 4.8

**ORDINANCE NO. (O) 12-01**

**AN ORDINANCE OF THE TOWN OF ORO VALLEY, ARIZONA AMENDING CHAPTER 3, ADMINISTRATION, ARTICLE 3-2, OFFICERS, SECTION 3-2-2, TOWN CLERK, OF THE ORO VALLEY TOWN CODE; AND REPEALING ALL RESOLUTIONS, ORDINANCES AND RULES OF THE TOWN OF ORO VALLEY IN CONFLICT THEREWITH**

**WHEREAS**, the Town of Oro Valley is a political subdivision of the State of Arizona vested with all associated rights, privileges and benefits and is entitled to the immunities and exemptions granted municipalities and political subdivisions under the Constitution and laws of the State of Arizona and the United States; and

**WHEREAS**, on September 27, 1989, the Town Council approved Ordinance No. (O) 89-21, which adopted that certain document entitled “Oro Valley Town Code, Chapter 3, Administration”; and

**WHEREAS**, the Mayor and Council desire to amend the Oro Valley Town Code, Chapter 3, Administration, Article 3-2, Officers, Section 3-2-2, Town Clerk, to allow the Town Clerk’s Office to draft action minutes rather than the current written synopsis minutes.

**NOW, THEREFORE, BE IT ORDAINED** by the Mayor and Council of the Town of Oro Valley, Arizona that the certain document known as “Oro Valley Town Code, Chapter 3, Administration, Article 3-2, Officers, Section 3-2-2, Town Clerk, is amended as follows:

**SECTION 1.** Section 3-2-2 is amended to read as follows, with additions being shown in ALL CAPS and deletions being shown in ~~striketrough text~~:

**Chapter 3 Administration**

...

**Article 3-2 Officers**

...

**Section 3-2-2 Town Clerk**

...

D. **Synopsis ACTION Minutes.** The Town Clerk shall prepare or cause to be prepared all minutes of Council proceedings and ensure their correctness and accuracy.

...

**SECTION 2.** All Oro Valley Ordinances, Resolutions, or Motions and parts of Ordinances, Resolutions or Motions of the Council in conflict with the provisions of this Ordinance are hereby repealed.

**SECTION 3.** If any section, subsection, sentence, clause, phrase or portion of this Ordinance is for any reason held to be invalid or unconstitutional by the decision of any court of competent jurisdiction, such decision shall not affect the validity of the remaining portions thereof.

**PASSED AND ADOPTED** by Mayor and Town Council, the Town of Oro Valley, Arizona, this 4<sup>th</sup> day of January, 2012.

...

#### 4.8 MINUTES OF COUNCIL MEETINGS

A) The Town Manager shall ensure Staff attendance at all Regular, Special, Study Session, Emergency, and Executive Session meetings of the Council for the purpose of taking notes and/or audio recordation of the meeting.

B) Written ~~Synopsis~~ ACTION Minutes instead of ~~Verbatim~~ SYNOPSIS Minutes shall taken so that a brief accounting of the issues discussed and actions taken is compiled and entered into the permanent Minute Book of the Town and kept on file in the Office of the Town Clerk. Open meetings may be recorded by means of audio or video technology, which will be retained for a period of time in accordance with current Town policy.

C) All Minutes of the Council are deemed to be Public Records, with the exception of Executive Session Minutes, which, while they fall under the definition of and are considered Public Records by State Statute, are deemed confidential and are only available under limited conditions or by court order. Transcribed Minutes, or the audio or video recording of all open meetings of the Council, must be on file in the Office of the Town Clerk, and available for public review by 5:00 p.m. on the third working day following each meeting, or as provided by ARS § 38-431.01.

D) Minutes of all meetings of the Council are made available at the Town Clerk's office, and may be available through the Town's Web site.

**Information**

**SUBJECT:**

DISCUSSION AND POSSIBLE ACTION REGARDING CONCEPTUAL PUBLIC ARTWORK FOR GARDEN GATE, A LANDSCAPE DESIGN CENTER LOCATED AT 8620 N. ORACLE ROAD

**RECOMMENDATION:**

At the December 13, 2011 meeting, the Conceptual Design Review Board (CDRB) voted to recommend approval, subject to the condition shown in Attachment 1.

**EXECUTIVE SUMMARY:**

The applicant requests approval of Conceptual Public Artwork (Attachment 2) for Garden Gate Landscape Design Center. This project includes an office building, outdoor landscape showroom, parking, and landscaping. The Development Plan and Architectural Elevations were previously approved by the former Development Review Board (DRB), and the building is currently under construction.

**BACKGROUND OR DETAILED INFORMATION:**

Under the Conceptual Design Review process, the Public Artwork Review Criteria (Zoning Code Section 27.3.H.) are utilized as primary guidance, and the Addendum A Design Standards provide secondary guidance, as appropriate (see Attachment 3, CDRB Staff Report).

The approved architecture for Garden Gate is a contemporary design that utilizes warm earth tones, and incorporates angled and sloping pipe columns (See Attachment 4, Architecture and Site Plan).

**PROPOSED PUBLIC ARTWORK:**

- Sculpture is composed of four steel pipe columns intended to rust to a dark brown patina
- Piece is approximately ten feet high and anchored in a concrete footing
- Material relates to the building architecture by incorporating the same pipe elements
- Sculpture is abstract and inspired by landscape elements

The artwork is proposed to be located in a landscaped area near the building entrance at the northwest corner of the building. This is a highly visible location for individuals entering the building, as well as from inside the building.

**FISCAL IMPACT:**

N/A

**SUGGESTED MOTION:**

I MOVE to (approve or deny) the Conceptual Public Artwork for Garden Gate at 8620 N. Oracle Road, subject to the condition in Attachment 1.

Garden Gate  
Public Artwork  
OV511-05

1. The landscape plan must be revised to include the public artwork location and to ensure that there is adequate area for optimal viewing of the public artwork by visitors and occupants of the building.

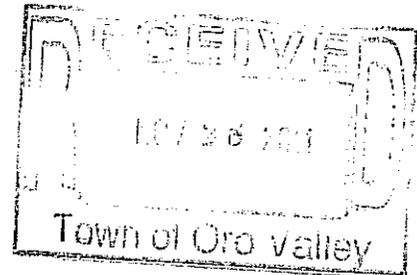

November 28, 2011

Regarding:

Oro Valley Public Art Submittal Requirements  
8620 N Oracle Road  
Oro Valley, Arizona 85704

From:

Oracle Studios  
8339 N Oracle Rd, Suite 110  
Oro Valley, Arizona 85704

Dear Oro Valley Public Art Reviewers,

Oracle Studio's owner and artist, Kevin Howard and artist Steven Derks have collaborated to create a public sculpture for the new Garden Gate show room in Oro Valley. Each artist will contribute to the creation of a very unique sculpture for public display.

### **Oracle Studios**

---

Oracle Studios is a fine art and conceptual design collaborative located in Oro Valley. Conceived by owner and artist in his own right, Kevin B. Howard is an award winning architect whose designs are an articulation of minimalism and modernist form which he has translated to the forms of his sculptures. He has created many pieces of fine sculpture, each of which are signatures to his organically designed buildings.

Oracle Studios' underlying mission statement is contextual and modernistic in its sculpture and conceptual design. With Kevin Howard's vision and artistic eye, Oracle Studios walks the thin line of very contemporary minimalism with mid- century modernism values applied in the present day. A strong belief inherent in the work is that minimalism is also an environmental approach to artistic expression, building out of recycled steel.

Kevin approaches each sculpture as a design challenge as a team. We reviewed sitting, view angles, approach and proportion. Kevin draws inspiration from the landscape and the building. Much like his architecture designs, a miniature proportional model of the sculpture is created to study the object from all angles.

### **Steven G Derks**

---

Seven Derks is metal sculptor, painter, and photographer. Please see Seven's Artist statement attached.

## **Artistic Characteristics:**

---

The Garden Gate public art project is a perfect example of a signature Oracle Studios Design collaborative sculpture. Not only was he the architect of the building, but Kevin Howard planned the specific sitting for the art piece. The building is constructed with angled and sloping pipe columns. The sculpture will be left natural steel at the start and left to rust to a dark brown as it ages. It will be constructed of steel pipe columns to create a modernist image of a desert plant. Spiraling upward from a central core and the use of angled lines are a reinterpretation of desert vegetation. The oval edges cut at a sharp angle are an expression of the objects shape but hint at a sharpness found in desert.

The sculpture takes this element and creates an artistic object in the landscape. It is located along the west side of the property between the building and Oracle road. The sculpture is also located outside the glass foyer of the building, so it will be seen by all visitors. The sculpture becomes as important to the experience of the space as the view of the landscape.

## **Timeline:**

The Garden Gate building is currently under construction. It expected to take one year. The sculpture will be installed prior to completion, proximately August 2012.

## **Cost:**

A preliminary estimate for the cost of the sculpture is \$12,000.00, greater than 1% of the cost of construction of \$926,405.00.

## **Oro Valley Zoning Code Compliance:**

The criteria required by Oro valley zoning Coded section 27.3.G, has been reviewed and we will work with Oro Valley on their requirements. We have provided the zoning requirements and will work with Oro Valley on completion of each step in review processes.

1. Public artwork shall be reviewed in a two (2) step process: conceptual review and final review. Conceptual public artwork shall be reviewed by the Conceptual Design Review Board and final public art submittals shall be reviewed by Town staff.
2. Public artwork for public construction projects shall be reviewed by the Conceptual Design Review Board. Timing for public construction projects' artwork conceptual and final review by the Conceptual Design Review Board shall be determined by the Town Engineer and the Planning and Zoning Administrator.
3. The conceptual design review of artwork shall assess artist qualifications, conceptual artwork design and artwork location(s) as provided in subsection E of this section. Conceptual review and approval are required prior to completion of a final review by Town staff.
4. Subsequent to conceptual review, the Planning and Zoning Administrator (PZA) shall complete a final review. The applicant shall provide information on the artwork's final design and a maintenance plan per subsection F.8 of this section in sufficient detail to

permit the Commission to completely evaluate the application using the standards and criteria included in subsection H of this section. Changes to the approved artwork design or the approved maintenance plan shall require approval of the PZA.

5. Project completion shall be certified by the acceptable installation of the approved artwork and submittal by the property owner of a certification package including the following: a statement that the artwork, artist and site meet the criteria established by the ordinance codified in this section, the date on which the installation was completed, and an itemized account of the expenses incurred in fulfilling the requirements of the ordinance codified in this section. Certification shall be completed before the Town issues a final certificate of occupancy.
6. For existing development, previously approved projects, subsequent phases of phased projects, or projects that do not require a landscape plan, final review of public artwork shall be approved prior to the issuance of the building permit.
7. Decisions of the Town Council on conceptual art shall be final.

The criteria required by Oro valley zoning Coded section 27.3.H, has been taken into consideration and we believe we are in conformance.

1. *Public art should serve as a distinctive and integral element in the overall design of a project or development.*
  - The Sculpture is integral to the design as a focal point from the street and framed in the architecture. The new building will frame the sculpture through a large arch and placed out side the showroom window
2. *Public art should relate to the context and character of the project. Where appropriate, public art may employ themes associated with the activities within the development.*
  - The architecture incorporates sloped metal columns similar to the sloped metal poles of the sculpture
3. *Public art should relate to the historical, cultural or natural context of the project area, the neighborhood or the Town.*
  - Spiraling upward from a central core and the angled lines are a reinterpretation of desert vegetation, very contextual to both the desert vegetation of it is surroundings and the landscape company for which the building is being constructed.
4. *Public art shall not include corporate advertising elements of a business including colors, graphics, logos, or other representations of corporate identity*
  - The public art will have a custom patina with no corporate identity

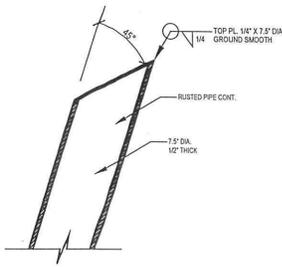

5. *Public art shall be designed to prevent hazards to the public. Durability and safety of materials shall be considered including potential areas of excessive wear or damage, which shall be mitigated.*
  - As stated above the sculpture is located in a landscaped area of the new Garden Gate offices. It is located at a focal point of the sidewalk and the building's main lobby window. It is has been reviewed by a structural engineer to meet all support concerns. The project will be attached to a concrete pad. It is intended to be exposed to the elements and rust naturally. There is no sharp edges or pointed ends that will come in contact with pedestrian access. It is not an interactive sculpture, but an object in the landscape, and feel public safety is not a major impact on the finished design.
6. *Potential obstructions, including landscape materials at maturity or future construction, shall be considered when locating public art.*
  - Sitting has been chosen specifically for planting to grow around and incorporate the sculpture. The vegetation and the sculpture will be viewed as a composition.
7. *Public art shall be original and not duplicate existing artwork in the Town and shall conform to community standards.*
  - There currently is no duplication of this art work.

If there are any items to coordinate or questions on the artistic intent of a signature Oracle Studios, Kevin Howard, and Steven G Derks sculpture, please do not hesitate to contact us.

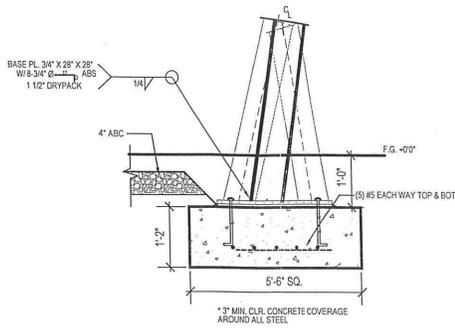

Sincerely,

J. E. Sutherland-Brown, RA, LEED AP

## Kevin B. Howard *Artist's Biography*

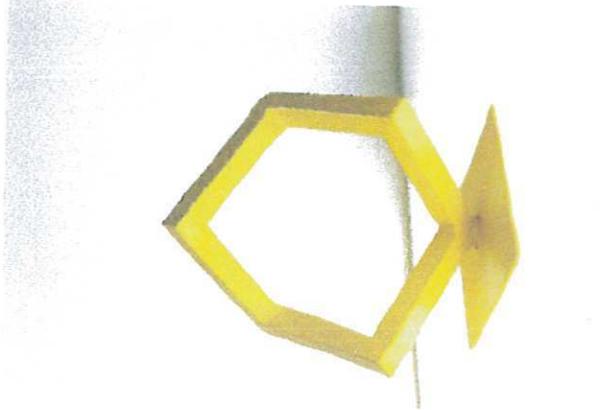

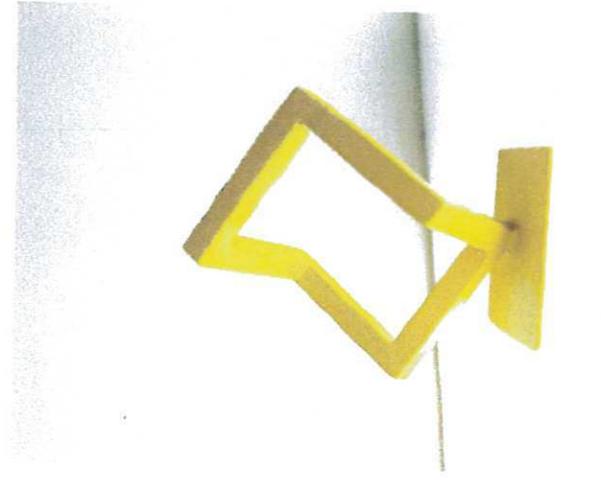

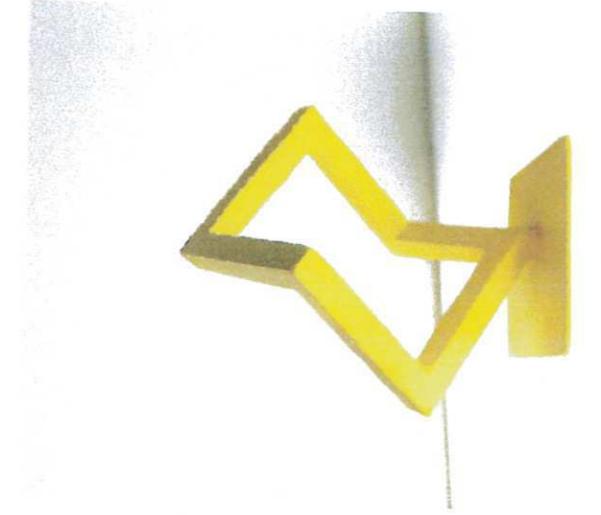

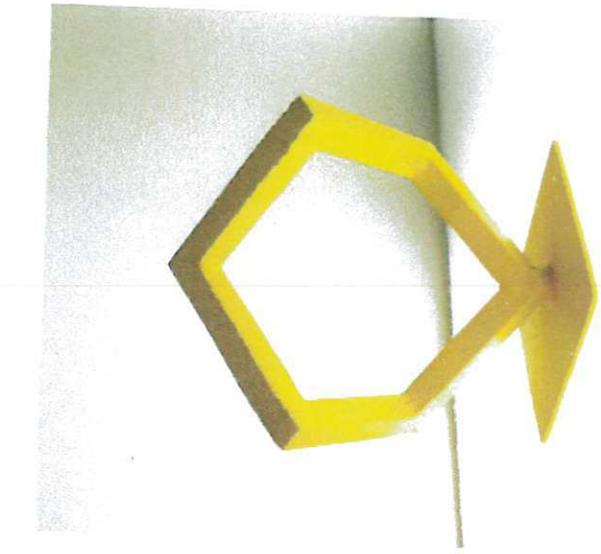

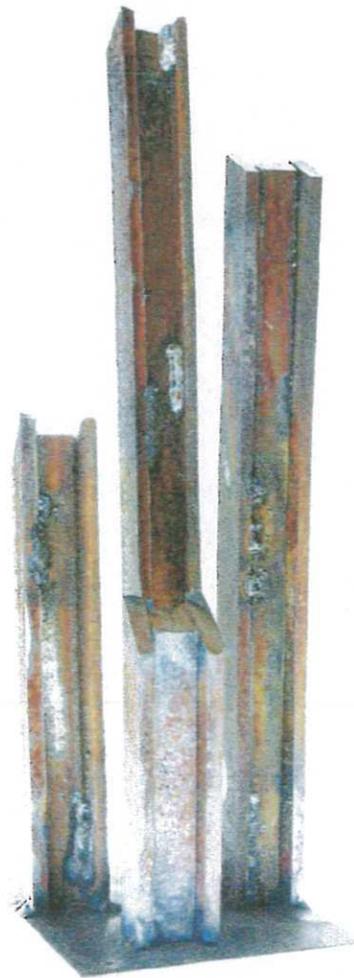

Kevin Howard currently practices architecture at Kevin B. Howard Architects, Inc. in Oro Valley, Arizona. In addition to architecture, Kevin designs modern form sculptures created from various metals, and paints in the medium of watercolor. Kevin sold his first watercolor painting in 1984 and began commissioning sculptures in the early 1990s.

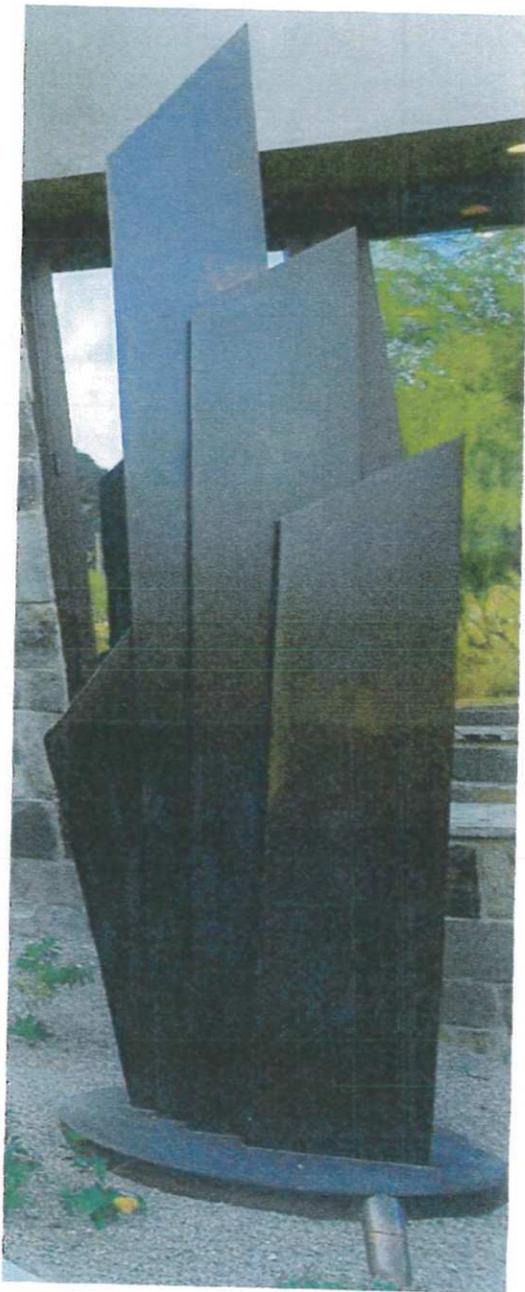

Kevin is an artist who has diverse experience in the arts. Born and raised in Southern Arizona, Kevin attended art school at Rick's College in Rexburg, Idaho, before transferring to the University of Arizona School Of Architecture. During his college years, Kevin traveled to Mexico, the Azores islands, Portugal, and painting scenes from these locations. Shortly after graduating, Kevin ventured to California to pursue an architectural internship, and returned to Arizona shortly thereafter due to his love for the Sonoran Desert.

### Artist Statement

Finding and collecting curiosities in thrift stores and junkyards is a lifelong preoccupation and a passionate experience for me, rather like going to church. Three or four times a month I visit one of Tucson's four junkyards. I walk around alone, looking at the forlorn piles of bent, twisted and rusted metal lying all over the place. Now things start to happen very fast; everywhere I look I begin to see metal transformed into finished sculptures.

Most of my sculptures are conceived right there in the scrap metal yards where I find both the vision and the ingredients for my work. I just see a piece of metal and immediately imagine the completed sculpture it suggests. Most of the time, during one visit I am able to locate all of the actual metal parts that will be necessary to complete many sculptures, but occasionally an exciting piece of rusted metal will languish in my studio yard for months, waiting for the day I will find the piece or pieces that are missing.

I like the immediacy of welding; it is glue that sets up rapidly, in seconds. This makes metal become either plastic or rigid. But I never bend or cut the metal I use. This self-imposed limitation forces me to respond to the object as it actually is. My art lies in the assemblage, not the cutting and shaping of its individual parts.

I like my work to remain unfinished, even when I have carried out my initial vision for it. I resist signing the work for this reason. If it remains

unsigned, it is a piece in process, and more things can continue to happen to transform it after it is sold.

Co-incidentally I hate to say goodbye either to my work or to people. The work and human relationships always have the potential for new life, and more redemption. I always expect that.

Making art allows me to have a spiritual and a psychological life without being directly involved in any theology or ideology. Through art I can engage my life deeply, and can impact other people's lives through how they experience my work.

The Catholic Apostle Jude is a figure of special significance to me, and to my work. The patron saint of a small Tarahumara Indian village in Mexico, his life was the manifestation of betrayal and redemption, twin themes that are central to my own experience.

When I discard something, I betray it. When I find it, conceive a vision of it renewed, and make art from it, I redeem it. All objects have the potential to be redeemed through art, to be transformed through human vision. So do all people. If a person were to be discarded like a piece of rusted steel, it would be a profound experience. But if it happens to an object, everyone takes it to be insignificant. I can't accept that. Art makes my own personal redemption possible.

## TOWN OF ORO VALLEY

### CONCEPTUAL DESIGN REVIEW BOARD

MEETING DATE: December 13, 2011

---

**TO:** CONCEPTUAL DESIGN REVIEW BOARD

**FROM:** Karen Berchtold, AICP, Project Manager, [kberchtold@orovalleyaz.gov](mailto:kberchtold@orovalleyaz.gov), 229-4814

**SUBJECT:** Review of Conceptual Public Artwork for Garden Gate, a proposed landscape design center on the east side of Oracle Road south of Calle Diamante. OV511-005.

#### **SUMMARY:**

This project is a proposed landscape design center comprised of office space and an outdoor showroom. This review is for public artwork only (*Attachment 2*); the Development Plan and Architectural Elevations are approved.

This report contains staff analysis, proposed conditions of approval, and suggested motions for Conceptual Public Artwork. The requirements and review criteria for public artwork in Zoning Code Section 27.3. are utilized as primary guidance for Staff and Conceptual Design Review Board (CDRB) evaluation of the applications. The Addendum A Design Standards are used as secondary guidance, as appropriate.

#### Site Conditions

- Zoning is C-N Commercial District
- Site is 1.3 acres and parcel is a triangular shape
- Project includes a 4,285 square foot office building, outdoor showroom, parking, and landscaping
- A concrete-lined wash runs along the southern portion of the site and was approved in conjunction with development to the south.

#### Proposed Improvements

- A landscape design center consisting of one 4,285 square foot office building and outdoor showroom.
- Proposed building height is eighteen feet (18') and one story.
- Approved architecture utilizes a modern design, with stucco, copper, and masonry materials (*Attachment 3 & 4*).
- 18 parking spaces are provided: six spaces are located at the northern main building entrance, and 12 are located at the eastern side of the building.
- The approved landscape plan preserves and mitigates extensive significant vegetation, and includes a diverse palette of native desert species.
- Vehicular access is provided from Oracle Road.

Approvals to Date

- February 20, 2008: Town Council approved Development Plan, with conditions.
- March 13, 2007: Development Review Board approved request for relief from provisions of Oracle Road Scenic Overlay District.
- June 6, 2007: Town Council approved request to rezone the property from R1-144, Single Family Residential to C-N Commercial District.
- December 11, 2007: Development Review Board approved Architectural Elevations, with conditions.

Surrounding Land Uses

<i>Direction</i>	<i>Zoning</i>	<i>Land Use</i>
East:	R-6 Multifamily Residential District	Sunnyslope Townhomes
South:	C-1 Commercial District	Shoppes at Oracle: restaurant is under construction
West:	R1-144 Single Family Residential District	Vacant

**CONCEPTUAL PUBLIC ARTWORK**

The proposed public artwork is a sculptural piece composed of four pipes anchored in a concrete footing (*Attachment 4*). The pipes are of various heights and placed at various angles. The artwork is ten feet (10-6”) six inches high. The pipes are octagonal and made of recycled steel that is intended to rust to a dark brown patina, and are composed of the same pipe material that is used as an angular structural support in the design center architecture. The sculpture is abstract, but inspired by landscape elements. The art is located in a vegetated area near the northeast corner of the building, adjacent to a sidewalk leading to the main entryway of the building.

A. Oro Valley Zoning Code Revised, Section 27.3.H. Review Criteria.

**1. Public art should serve as a distinctive and integral element in the overall design of a project or development.**

The public artwork is large and will create a prominent presence near the building entryway. Composed of the same sloped metal columns as the building, it is designed to be integrated with the building. The artists’ narrative notes that a large arch in the new building will frame the artwork.

**2. Public art should relate to the context and character of the project. Where appropriate, public art may employ themes associated with the activities within the development.**

The public artwork is an abstract figure. The narrative submitted by the applicant does not indicate that the sculpture is intended to evoke a particular theme, but rather suggests that the sculpture should be appreciated as a design element in conjunction with the accompanying building and landscape.

**3. Public art should relate to the historical, cultural or natural context of the project area, the neighborhood or the Town.**

The narrative notes that the sculptural form is a reinterpretation of desert vegetation, keeping in the context of the surrounding native vegetation and the mission of the landscape company.

**4. Public art shall not include corporate advertising elements of a business including colors, graphics, logos, or other representations of corporate identity.**

An on-line search indicates the proposed design does not incorporate advertising elements, graphics, or logos from Oracle Studios or Garden Gate. The narrative notes the sculpture will have a custom patina with no corporate identity.

**5. Public art shall be designed to prevent hazards to the public. Durability and safety of materials shall be considered including potential areas of excessive wear or damage, which shall be mitigated.**

The applicant's narrative notes that the steel will rust and develop a natural patina. The project will be anchored to a concrete pad, and has been reviewed by a structural engineer regarding support methods.

**6. Potential obstructions, including landscape materials at maturity or future construction, shall be considered when locating public art.**

The public artwork is not included in the landscape plan. A condition has been added to add the public artwork to the plan. It appears that some plant materials, such as trees, may need to be repositioned to afford optimal view of the sculpture from the entryway and nearby patio.

**7. Public art shall be original and not duplicate existing artwork in the Town and shall conform to community standards.**

The artists' description notes that this is a unique sculptural piece.

B. Addendum A Design Standards

- Design Standard 2.2.G.1. *Public art shall be integrated into the overall design of the project and shall be located in areas of high visibility and use such as courtyards, seating areas, and along public roadways.*

The proposed sculpture is located in close proximity to the main building entryway, and will be visible by individuals occupying the patio at the western elevation. The public artwork meets the standard of being integrated into the overall design of the project, and is located in an area of high visibility and use. The addition of a bench in the vicinity of the art would provide additional opportunity for viewing. A condition noting this is added to *Attachment 1*.

**RECOMMENDATION:**

The Conceptual Public Artwork is in substantial conformance with the Zoning Code standards. Staff has no recommendation on the quality of the public artwork design. Staff requests that any recommendation to Town Council include the conditions in *Attachment 1*.

**SUGGESTED MOTION:**

The CDRB may wish to consider one of the following suggested motions:

I move to recommend **approval** of the Conceptual Public Artwork for Garden Gate, finding that the proposed public artwork meets the criteria in Zoning Code Section 27.3.G and the applicable Addendum A Design Standards.

I move to recommend **approval with conditions** of the Conceptual Public Artwork for Garden Gate, finding that the proposed public artwork meets the criteria in Zoning Code Section 27.3.G and the applicable Addendum A Design Standards, with the Conditions of Approval in Attachment 1.

I move to recommend **denial** of the Conceptual Public Artwork for Garden Gate, 8620 N. Oracle Road, finding that the proposed public artwork does not meet the criteria in Zoning Code Section 27.3.G and/or the applicable Addendum A Design Standards, specifically criteria \_\_\_\_\_ or standard \_\_\_\_\_.

**Attachments:**

1. Conditions of Approval
2. Public Artwork submittal including: narrative, budget, review criteria, artist biography, and public artwork design
3. Approved Architectural Elevations (included for reference)
4. Approved Architectural Palette

Conditions of Approval  
Conceptual Design Review Board  
December 13, 2011**

Garden Gate  
Public Artwork  
OV511-05

1. The landscape plan must be revised to include the public artwork location and to ensure that there is adequate area for optimal viewing of the public artwork by visitors and occupants of the building.
2. A bench and shade trees should be added to the landscape plan in the vicinity of the artwork.
