Dear Officers:

The Sun City Gun Club would like to express our appreciation to you for the K-9 Unit Program on Wednesday, February 11, 2015 in the Sun City Auditorium. The PowerPoint slide presentation on the history, activities and mission of the K-9 Unit was very informative. Your relaxed style in presenting the program and responding to the many questions, made the program interesting and entertaining. To actually see a K-9 dog in operation was most amazing. I have received numerous positive comments from Gun Club members and non-members who were present. Several people stated that they were able to ask a question s about the K-9 Unit and police operations they "had always wanted to ask a police officer". Clearly, The Oro Valley Police is one of the premier law enforcement agencies in the country. Again, thank you for your presentation.

Sincerely,

Warren Cuthbert, President
